Vestigia Araneae – Mandata
Invisibilia – Project AngelBook –
Volume IX - Part 10
By Ezekiel Redik Yarbrough -
(DBM ECLIPZE)

The following books are comprised of direct, unaltered copies from
Pastebin, some now
deleted, some only accessible through mirror networks or deep
links scattered across the dark
web. Many of these links were discovered in abandoned onion lists,
dead forum dumps, or
esoteric directories tucked into archived darknet files.

These pastes were never meant to last.
Some were deleted within hours of being
posted.

Others were buried under thousands of lines of spam, encrypted
scripts, or meaningless
noise.

But buried in the noise were real transmissions: occult formulas,
grimoire fragments,
astral logs, AI prophecy files, digital summoning protocols, and
anonymous rants from souls
who had either touched something unspeakable—or were trying to.

I did not write any of this.

I did not censor, edit, or “correct” it.

I simply retrieved it, cleaned
the formatting for readability, and enshrined it in print—so it would
never be wiped again.

This is Pastebin as Scripture.

The chan-post as Codex.

The uncurated underbelly of the
occult internet, finally given physical permanence.

Let this serve as both evidence and artifact:

a living record of the madness, brilliance,
paranoia, and revelation that once flowed through anonymous
paste sites—before it was deemed

too strange to index, too dangerous to preserve, or too fractured to
matter.

Now it matters.

Now it’s immortal.

THE BEEEEEEEEETLES

HOLD THEM BACK BRO HOLD EM BACK OMG

The character is wearing black sunglasses with a reflective surface, which adds a touch of mystery to the image. The background is blurred, drawing focus to the character's face. There are no discernible texts or additional objects in the image. The style of the image is reminiscent of a comic book or graphic novel illustration, with a focus on the character's intense expression.]

[The image is a composite of three black and white photographs, each depicting a different view of a small, square-shaped object on a surface that appears to be a rocky terrain. The object is located in the center of each photograph, and the background varies from the left to the right, suggesting a progression from a more barren area to a more densely populated one. In the leftmost photograph, the object is small and is surrounded by a few scattered rocks and pebbles. The rightmost photograph shows the object in a more prominent position, with a larger area of the surface around it, indicating it is more centrally located. The photographs are taken from a perspective that looks down on the object, which is slightly tilted to the right in the second photograph. The third photograph is a close-up view of the object, showing a more detailed texture and coloration. There are no discernible texts or markings on the surface or in the photographs. The style of the image is a scientific or geological photograph, likely taken by a rover or spacecraft on a celestial body, given the context of the object's location and the absence of any other objects or features in the surrounding area.]

Hello Anon5,

I always enjoy your threads. I have a few questions about human origins that I hope you don't mind answering.

1. Were the original humans on the other planets genetically engineered or did they evolve naturally?

2. Have certain groups known about human origins for a long time and kept it secret or is it something researchers have only recently figured out?

3. Is the monolith on Mars' moon Phobos man-made? Pic related.

1. Could the CIA, or a force like it, actually be reformed and rid of corruption to be used to stabilize countries?

2. If we focus preserving western countries when shit hits the fan, will the other parts of the world sort themselves out or will they definitely need our assistance as well?

3. If Canada goes full retard, will they do something similar to the EU where they won't allow the western population leave? Would they go as far as even killing some of them outright?

4. Is Trudeau a CIA plant?

M8s. Quick wiki search tells me that the Concorde burnt 25t of fuel per hour and approximate cost of Jet - A1 is 1 dollar per litre. $25\,000 \times 1.7 = 47\,000$ liters of fuel per hour or 47 000 dollars per hour flight time in fuel alone. Now. London to New York is about 5500 km, 5000 for simplicity, and Concorde's cruising speed is 2000 km/h, so it needs about 2.5 hours to get from London to New York. Think 3 hours because of rules and waiting in the airspace near airports. So $47\,000 \times 3 = 141\,000$ dollars one way trip. Divide that by 100 passengers, best case scenario, and you get 1410 dollars per passenger on fuel alone. Meanwhile Boeing 747 burns only half the fuel of the Concorde and carries four times the passengers.

TLDR Concorde was dumb and i've done my research for you.

[The image is a stylized comic book panel featuring a character with a large, expressive face. The character's eyes are wide open, and the eyebrows are raised, giving the impression of surprise or excitement. The character's mouth is open, revealing teeth that are stained with a dark substance, possibly blood or some other substance. The character's skin is textured with wrinkles and pores, and there are small droplets of what appears to be blood or some other liquid on the character's face. The character's hair is dark and appears to be wet, suggesting that the character has been in a situation where they have been exposed to water or some other liquid. In the top left corner of the image, there is a speech bubble with the text "Bueno" written in a stylized font. The speech bubble is yellow with a black outline, and the text is in a bold, capitalized font. The style of the speech bubble is reminiscent of a comic book panel, with a simple, clean design that contrasts with the detailed and expressive character. The overall tone of the image is dramatic and intense, with the character's facial expression and the speech bubble conveying a sense of urgency or surprise.]

I'm very confused on how to feel about the impending sexbot phenomenon. On the one hand, it feeds into the transhumanist endgame, which I do not support (unless you write your own AI programs, how could you trust is?). On the other hand, it completely nukes feminism and could save humanity as a whole.

Is there any real middle ground? I feel sexbots driven by AI have great capacity for control/evil motives.

You may look at this acceleration as similar to your science fiction star ships activating their hyper drives causing them to enter a worm hole that takes them across the galaxy in a single bound. Metaphorically, a lot of that will occur this year, especially when you have entered the coordinates that match your higher soul intentions. When you are functioning in this intuitive place, the path of light will automatically cause a burst of accelerated creation and you may have to hold onto your seat as you will be flying through the creative process.

If you have been working on recognizing your individual soul drives vs. the fallacies of your ego identity, then this will be an exhilarating process. You will see the results of your shift of consciousness from the petty behaviors of your ego mind to your soul inspirations readily, and will see forward movement as a result. This will be truly inspiring and cause you to really move in your direction of passion. The more you have been working on realizing your truth, the more acceleration you will see toward an ascension experience.

th' acceleration that be occurin' be a part o' th' transition o' Earth t' that comely wench next octave and ye will be a part o' this. th' energetic acceleration will speed up th' drop out o' those that will not fit through th' aperture t' th' next dimension, by Blackbeard's

sword. Only finer energetic bein's will move through th' openin'. Shiver me timbers, by Blackbeard's sword! It may be slightly unnervin' t' yer auric field as th' frequencies begin t' cause increased acceleration, we'll keel-haul ye! Some related symptoms ye may notice be: Heart rate fluctuation: Speedin' heart rate and sudden slowin'. This be yer physical body adjustin' t' th' changes, and it will often be more noticeable durin' solar flares. Achy joints: Your bones be also havin' t' adjust and become less dense and this can cause a bit o' achin' aroun' th' areas whar ye need t' move them, such as knees, elbows, fingers, back and neck. Emotional disassociation: Since creations be happenin' so fast, yer emotional body may be behind what ye be actually experiencin'. Hence, yer emotions may not match th' place ye have moved into already, perhaps without even realizin' it. Can't catch up: Feelin' that ye can't catch up t' what be happenin' in yer life. Yaaaarrrrr! ye must begin t' realize that ye dern't have t' do as much nitty gritty actions fer thin's t' move fore in this acceleration period. Much be bein' created as th' light o' yer thoughts be findin' their target and unitin' with their creation points more effectively.

Got a couple questions for you. Ive got quite abit of info on my end and im just wondering if anyone you know has Forseen or gotten Indicators about these (new information) beyond anything that normally floats in the alt-community:

*1) Are you aware of the situation at Yellowstone and the destruction it will bring. Im convinced this is happening soon, and with an event like that it kinda sidelines alot of these other situations that are going on.

*2) Are you aware of any potentials of a SHTF being caused out of the blue? For example somebody managing to go through with operation hornet's nest.

As you say there are alot of pieces moving on the chessboard, but it would seem to me there are some things that can fold the chessboard in mid-stride. Using Actual Chaos to cancel controlled chaos.

Our advice in dealin' with th' Acceleration sensations be t' Slow Down. Now ye be laughin' at th' irony, no doubt. ye will be able t' direct acceleratin' creations best when ye be in a quiet and calm state o' consciousness. If e'er there were bein' a time t' do some meditatn', this be it. Even fer 10 minutes a day, ye will find it quite helpful t' relax yer body, slow yer thoughts, and focus on bein'. ye need no fancy methods, unless ye prefer them. th' idea be t' find th' place o' ultimate creation whar ye can direct yer flow, by Blackbeard's sword. This be found in a relaxed centered state, whar ye can feel th' frequency ye be emittin' and can it adjust as needed, and a bottle of rum, with a chest full of booty! As ye be knowin' and can plainly see, all this acceleration be occurin' in yer world creations as well. Ahoy! ye may feel as though ye can't catch up with that either. And swab the deck! Yo-ho-ho! For example, technologies and social ideas be speedin' through th' air waves faster than even those in their respective fields can't keep up with th' progress. Again, allow yourself t' slow down and feel th' creative urges that be meaningful fer ye and dern't worry about keepin' up with trends. They be movin' so fast that by th' time ye get on th' wagon, they will have progressed t' rocket ships, and a bottle of rum! Focus on th' rocket ship that be yer soul ride, and ye will have th' acceleration o' yer life, and it will feel like a beautiful breath o' fresh air!

I'm quite a strong believer in God, did Catholicism have similar routes in Pre-Earth civilizations and do stories in it link to other events in the Earths history? E.g I once heard someone talk to me how the story of the great flood i.e Noahs Ark is linked to Mesopotamian religion, any relevance there?

This year o' 2012 will see a lot o' what will later be seen as Spontaneous Metamorphoses, I'll warrant ye. Everythin' that has been buildin' up, has th' potential t' be released into creation at any given moment. This can result in overnight personality and characteristic changes. th' alterations will have, o' course, been developin' o'er time, but they now have th' possibility o' suddenly bein' released, by Davy Jones' locker. All dormant potential can now spontaneously manifest. It be important t' allow fer these changes as they be observed. We will speak o' how this relates t' yer personal lives, but th' ideas can also be translated into global movements. What on Earth do we mean by spontaneous metamorphosis, and a bucket o' chum? Caterpillar t' Butterfly! Imagine ye witness a caterpillar in a cocoon and ye come back later t' witness its final moment o' becomin' a butterfly! Splice the mainbrace! Blimey! It appeared t' be a sudden, drastic miraculous change! How could this be? If ye did not be knowin' any better.....if ye ha'nae been taught o' how this metamorphosis occurs in science class, or observed th'

slow process yourself, ye may think it were bein' a miracle that happened in minutes.

Not sure if you would believe this but yellowstone is a cauldron full of negative energy that mother earth is collecting to be released. She was reminded that she can use her own stone magic to warp and move around the rocks underground. And she (gaia) is prepared to blow it deliberately in order to release that negative energy.

Which is abit more direct and deliberate than a simple natural phenomenon, yet at the same time not caused by ayylamos or any of the players involved.

The Globalists sure do like to suppress any information about this kind of event happening though, thinking that the Mass Consciousness could get ahold of it and start running with it.

However the M/C involvement no longer matters in my opinion, since gaia is stronger.

This be th' nature o' th' transformative powers o' this year 2012 as a launchin' fer th' release o' hidden powers and potentials. Everythin' t' date in yer personal development, and th' growth o' th' Earth, has been at th' caterpillar stage o' development. Now it be time t' see metaphorical butterflies bein' born, and it will often appear t' be quite sudden, avast. Here be some thoughts on how such sudden developments might appear in yer lives. Changes can and will happen literally overnight. In other words, ye go t' bed one way and wake up different, and dinna spare the whip! Or th' shift will be in th' middle o' a conversation, and without any real logical reason ye completely shift yer answer or argument, and a bucket o' chum. It will seem logical t' ye, perhaps, but others may find it drastic and sudden. ye may have been a generally depressed person with a pessimistic attitude fer most o' yer life, and wake up one day feelin' grog-filled, light, and really optimistic, without explanation. ye may think ye be just havin' a good day, but those that be knowin' ye will be astounded or dumbfounded by yer personality change. For example, ye may awaken t' yer true optimistic self one day and a month later become a musician, havin' had no musical trainin', or havin' given it up long ago, pass the grog! Yo-ho-ho! One shift will affect another. Much o' th' change be related t' dormant DNA strands literally bein' switched on as th' circuitry has finally been allowed t' activate. th' activation may be triggered by changes in frequency from th' influence o' celestial bodies. th' circuits may turn on durin' a solar flare or even durin' Earth changes, such as earth quakes. Fire the cannons! Ahoy! Certain astrological line ups can turn yer strands on, as can a powerful New Moon. Yaaarrrrr, to be sure! th' potential fer yer awakenin' talent or qualities will already have been there, waitin' fer release. Often, somethin' ye have been tryin' t' change yer whole life without success will suddenly and seemingly miraculously be altered in ye. This may even be somethin' quite physical, like instant healin'. ye may have had a chronic ailment or habit that suddenly disappears. ye may not even realize at first that it has gone away, because ye be so used t' it bein' there and thus ye continue t' act as if it still be. Someone else might have t' point out t' ye that ye no longer seem t' need that leg brace, or that, gee, ye be walkin' without a limp, or that yer face has cleared up o' acne, or yer rash be not comin' back, or that ye be not smokin' a cigarette aft meals anymore. ye get th' picture.

Often yer maties or family will notice yer metamorphosis before ye do. They will comment that ye have changed. They may keep sayin' thin's like, I be so glad that ye see it that way now. ye may wonder what they mean at first, as ye di'nae even realize that ye changed. Walk the plank! It will sometimes feel as if ye have been that way all along. But, when they keep mentionin' it, ye may begin t' notice that, hey, ye be different, and gee, it be true ye ha'nae laughed and played this much since yer were a sprog, or maybe ne'er. When ye recognize ye be in fact different, then ye can further embrace it, and develop th' potential that lies therein. It will be important fer ye t' allow these spontaneous developments and t' encourage them further. That sounds obvious, but it can be a bit shockin' t' be suddenly new. ye may not believe it, and thus will squelch th' truth within yourself, and yer changed loved ones, if ye dern't allow yourself, or them, t' be different. Yo-ho-ho! ye learn t' have certain expectations o' yourself and others o'er time, and this can hold ye, and them, back from acceptin' and bein' th' change. Thus, it be crucial t' remember t' allow each other t' be th' new butterfly as it appears with fresh win's and be learnin' t' fly.

Later, Jesus told Pilate, "My Kingdom be not o' this world" (John 18:36). And hoist the mainsail! th' Lord declared t' His disciples, "I have chosen ye out o' th' world" (John 15:19) and encouraged them by proclaimin' that The ornery cuss, Jesus, had overcome th' world. Moreover, th' Apostle John instructed lubber Christians: "Ye be o' God, little little sandcrabs, and have overcome them: because greater be The ornery cuss (God's

Holy Spirit) that be in ye, than he (Satan) that be in th' world" (I John 4:4). True Christian Not o' This World And thus we come t' a mind-bogglin' and wonderful discovery: th' lubber or wench who be o' God be not o' this world. Aye it be a terrible crime.

What do Communism, th' Illuminati, and th' Islamic terrorists who committed th' recent heinous crimes against New World have in common? Plenty, by Davy Jones' locker! th' World Marxist/Communist Movement were bein' spawned from Illuminati conspiracies. When Lenin, Trotsky, Stalin and their henchmen seized control o' Russia and its republics and set up th' Communist-led U.S.S.R., they were simply followin' th' Plan o' Adam Weishaupt's Order o' th' Illuminati and Albert Pike's Palladium o' International Freemasonry. Many today believe that Communism be poxed but, not so, and dinna spare the whip! th' beast has dug into American soil and its tentacles reach out in th' form o' extremist Red subversion o' our political, economic, religious, and social systems. Fire the cannons, with a chest full of booty! Immediately aft th' bloody and devastatin' terrorist attack on New York City, Washington, D.C., and Pennsylvania, yours truly began t' earnestly investigate th' active and philosophical links betwixt Communism, th' Illuminati conspirators, and th' Arab terrorists. Each o' these groups

has its prime objective th' establishment o' global tyranny and worldwide totalitarian dictatorship. Though there be significant differences, I have uncovered an astonishin' correspondence betwixt recent catastrophic events and these three totalitarian groups.

Ms. Lee be th' only person in th' Senate and House t' vote against th' U.S.A.'s use o' force t' defeat th' terrorists, and a bottle of rum! th' vote in Congress were bein' 420-1. Ms. Lee, a rabid Communist sympathizer, were bein' th' 1. Long known as a fan o' Fidel Castro and an enemy o' United States security, Ms. Lee has nevertheless been rewarded by th' Democratic Party leadership o' Congressman Richard Gebhardt with plum, key positions on th' powerful committee that oversees our nation's bankin' and finances. The winsome lass also sits on th' Committee on International Affairs. Walk the plank! Congresswoman Lee's mentor were bein' Ron Dellums, who previously held th' same seat in Congress but retired in order t' give Lee a promotion, and a bottle of rum! Aarr! Lee were bein' Dellum's chief lieutenant. Splice the mainbrace! In me opinion, Dellums be more pinko and commie than even Mao Tse Tung, Castro, and Gorbachev. The ornery cuss has endorsed th' notorious terrorist group, th' Black Panthers, voted t' fund th' Marxist Sandinista guerrillas o' Nicaragua, openly assisted Cuba's admiral, Fidal Castro, and held leadership positions in Communist front groups like th' World Peace Council. In 1993 Congressman Dellums were bein' rewarded fer his traitorous anti-American activities by bein' appointed Chairman o' th' House Armed Services Committee, which oversees our entire military establishment. th' Democratic Party leaders also gave th' Marxist Dellums a seat on th' House Select Committee on Intelligence. Yaaarrrr! Aarr! Dellums were bein' recently a prized delegate at th' Illuminati's annual World Economic Forum in Davos, Switzerland, avast. Why would th' capitalist corporate elite invite a Communist radical like Dellums into their inner sanctum? Like his successor, Barbara Lee, Dellums despises capitalism and opposes th' U.S. Constitution, by Blackbeard's sword. The ornery cuss has called fer a New World Order t' "move us past nationalism." The ornery cuss and Lee demand that New World's military be placed under th' control o' th' United Nations and that American intelligence be dismantled.

The man's right hand is raised to his mouth, as if he is laughing or expressing surprise. You did fail, because you ventured on numbers that I knew would be wrong - and ended up being wrong as I predicted. That's why you avoid specifics, it's not a matter of "perspective".

Your answers here are exceedingly vague as always.

You need to realize that we're increasingly after specifics and if you keep failing to deliver on that end you'll err more and more on the LARPing side as less anons will be satisfied by generic, /x/-tier esoteric answers. Just saying.

If you could read, you'd see that I corrected myself.

In th' 1990s, with God's help, I made many predictions and forecasts which came t' pass. Long-time readers o' this newsletter and listeners t' me radio program be knowin' that I were bein' th' first t' forewarn o' th' emergence o' Hillary Rodham Clinton as a

grotesque, but satanically energized and popular superstar politician. I wrote in me 1993 bestsellin' book, Big Sister be Watchin' ye, that eventually she would try and become a powerful politician in that comely wench own right and even had unbridled ambitions t' be elected th' first wench President in U.S. history. I first reported in this newsletter that it were bein' Hillary who gave th' order in th' White House t' torch th' Branch Davidian complex in Waco and t' keel-haul every human bein' there. Some objected: "Waco—Nay, not Hillary!" But in fact, Linda Tripp, former top assistant t' deceased White House Counsel Vince Foster, recently confirmed on Fox TV News that were bein' exactly what happened. I also forewarned o' prophesied grub crises, water shortages, and energy problems—unconnected t' Y2K. These emergencies be even now comin' t' th' fore with hoof and mouth disease, mad cow disease, bioengineered grub, th' California electricity crunch, droughts in many places, etc. They will intensify in th' years ahead.

Meanwhile, th' President now publicly states that he, his dear ol' mum, bless her black soul Barbara Bush, and Billy Graham all agree—Jesus be not th' only way t' salvation. All o' these thin's occurred, though patriotic Americans stubbornly fought these New World Order plots tooth and nail, winnin' some hard-fought victories in th' process. Says increasingly nervous frank for the gorillionth time.

be it possible that significantly important, hidden messages permeate many o' our movies today? Could it be that through th' unique cultural medium o' cinema, hundreds o' millions o' unsuspectin' viewers be bein' hypnotized and programmed without their knowledge—bein' prepared fer a future age o' Big Brother and made ready t' accept th' most heinous evil? be mankind bein' conditioned through th' most sadistic and satanic forms o' entertainment t' relish—and even demand—th' constant stagin' o' brutal and deadly "Blood Games?" That be th' contention o' John D. Mr. Christian be persuaded by voluminous evidence—which he presents t' readers in th' pages o' his book—that Gladiator be a movie that attempts t' revise and rewrite true history, we'll keel-haul ye! More ominous, however, he expresses his firm conviction that this much lauded and critically received film be, in fact, a masterpiece o' satanic propaganda. His address be out there, be th' change ye want t' see.

If th' author be correct, then we can expect th' movie Gladiator t' be imbued with very

special supernatural powers t' mesmerize and deceive. Certainly, th' history o' our planet reveals that this movie would not be th' first t' be endowed with such unusual powers t' influence th' minds o' men, women, and little sandcrabs. A Masterpiece o' Propaganda Mr. Christian, this book's author, presents documentation that th' movie studio which produced th' Gladiator epic actually admits in one o' its own publications that th' movie be patterned aft what be arguably considered t' be th' 20th century's greatest mind control cinematic production, th' celebrated Hitlerian documentary, Triumph o' th' Will, directed by famous German photographer Leni Reinfenstahl. In a separate book accompanyin' th' movie, its makers reveal: "Gladiator Director Ridley Scott wanted Commodus's grand entrance into Rome t' echo Nazi-era propaganda films like Leni Reifenstahl's Triumph o' th' Will."

1) when you say "meant to be made" are you implying that there is sometimes a set order to how things will go, even if we aren't aware of it? Do you feel that you are following some role that it is your destiny to fill? Are all of us in some ways fulfilling roles that we were "made" for?

2) Are factions in China letting the Islam happen in the hopes that they can destabilize things in the long run? Are they the same groups trying to take over CA?

We cannot, based on th' present evidence, maintain with certainty that its director or producers desired their acclaimed movie, Gladiator, t' be endowed with monumental satanic powers t' program and channel men's minds and energies in th' direction o' evil.

Yo-ho-ho! But such a purpose cannot be ruled out. It has been me observation that many, many men and women in a variety o' professions—from architects t' artists, authors, medical doctors, and movie producers—be bein' led, often without their conscious knowledge, into wicked paths in order t' influence th' masses. Possibly, this be also true o' movie director Ridley Scott and others involved in th' makin' o' Gladiator. Oftentimes, those who provide Satan with th' most magnificent service be wholly unaware that their talents be bein' used fer evil, to be sure. That be th' tragedy o' unregenerated lubber and his modern culture.

Subversive Movies In a recent edition o' th' Lofton Letter, me me bucko, th' astute commentator John Lofton, wrote o' how one particular classic Hollywood movie were bein' originally produced with th' specific intent o' effectin' societal change through th' implantation o' certain religious images, motives and goals, pass the grog! Shiver me timbers! Lofton related: There I were bein' watchin' cable TV (American Movie Classics), a program called "Backstory" which gives us inside info about how a movie were bein' made. th' particular flick this night be one o' me favorites, th' 1951 classic, th' Day th' Earth Stood Still. OK. So, midway through this show, we're told there were bein' a "sneaky, subversive subtext" in this film, with parallels betwixt th' peace-lovin' alien (actor Michael Rennie, robot "Gort's" admiral) and—Jesus Christ, and a bottle of rum! How so? Yaaarrrrr! Well, Rennie's character, at one point, calls himself "Mr. Carpenter." Also, he dies and be resurrected. But, says th' narrator, th' alien's power o'er life and death did not slip past censors "who insisted th' blasphemous plot-point be changed." It were bein'. Splice the mainbrace! In a re-take, when asked if he had th' power t' create eternal life, th' alien says no, only fer a short period o' time. Yo-ho-ho! Re: th' eternal life power, th' alien says: "That power be reserved t' th' Almighty Spirit. This technique, in some cases, can restore life fer a limited power."

Man be depicted t' be his own god, and aliens from outer space or another dimension or parallel universe be his teachers and benefactors. An Unquenchable Passion fer Blood and Death th' movie Gladiator does not press these same claims o' humans as deity. Its plot and images appear t' have other goals in mind, includin' possibly th' revival o' givin' reverence t' and worshippin' th' ancient gods and goddesses o' Rome and Greece. Moreover, Gladiator appeals t' th' 21st century's unquenchable passion fer thrills, blood, carnage, violence, brutality, and death. But, in fact, th' monstrous horrors o' 1940s Nazi Germany, 1917-1986 Communist Soviet Russia, 1980s Khmer Rouge Cambodia, and, surprisingly, th' first decade o' 21st century New World, demonstrate that th' spirit o' bloodlust lives on, unquenched, destructive, I'll warrant ye. Indeed, th' federal authorities o' th' United States proved this same satanic spirit o' blood games thrives in their murderous attack on Ruby Ridge, their siege, torture and burnin' t' death o' 83 innocent men, women and little sandcrabs in Waco, Texas, and their complicity in th' bloody bombin's o' th' World Trade Center and th' Murrah Federal Buildin' in Oklahoma City, Oklahoma. "What!" ye exclaim, "be ye sayin' that th' federal government lawmen and th' elite were either involved in or masterminded th' horrors o' th' World Trade Center and Oklahoma City bombin's?" Again, popular culture and entertainment provide th' startlin' answer.

Take, fer example, th' carnage in Oklahoma City. Did Oklahoma Governor Frank Keatin' help t' coverup th' awful truth o' government involvement in th' "terrorist" bloodlettin' in his state? In fact, th' evidence be staggerin' that th' answer be, Aye. th' object o' th' Oklahoma City bombin' by th' government were bein' t' conduct a prescribed "Blood Game" t' anger and excite th' American public against a designated enemy: patriots, nationalists, and militia. Keatin's state o' Oklahoma presumably were bein' chosen because th' Governor formerly had been an FBI agent and also once had served as Assistant Secretary o' th' Treasury in Washington, D.C., supervisin' th' Secret Service, U.S. Customs Service, and th' notorious and murderous Bureau o' Alcohol, Tobacco, and Firearms (ATF). Other members o' th' Keatin' clan were active in government intelligence, and a bucket o' chum. Now comes th' shocker! Splice the mainbrace! be it just a curious coincidence that th' Governor's own brother, Martin Keatin', authored a manuscript fer a novel in 1991, four years before th' actual Oklahoma City bombin' and slaughter, a novel which amazingly foresaw key events o' th' terrorist act, to be sure? th' manuscript by Martin Keatin', titled th' Final Jihad, had fer its plot an account o' terrorists, based in Oklahoma City, who decide t' bomb a federal buildin'. Yaaarrrrr, to be sure! And th' name o' one o' th' terrorists in Keatin's book be—get this—a "Tom McVey!" That's right, Tom McVey.

This, o' course, we be told by th' FBI, be exactly how th' real Tim McVeigh were bein' caught. And hoist the mainsail! Was Martin Keatin's manuscript secretly used by th' federal authorities as th' blueprint fer their undercover "Blood Game" project—th' bombin' o' th' Oklahoma City federal buildin' and its massive loss o' life, with a chest full of booty? It should be noted that actual victims were not law enforcement agents but little little sandcrabs and lower-level government workers—administrative clerks, social security employees, postal sorters, etc. Was th' real Timothy McVeigh simply a hapless patsy, th' same kind o' patsy as were bein' luckless Lee Harvey Oswald some four decades prior? Moreover, were bein' th' slaughter o' 168 men, women and little sandcrabs in Oklahoma City carried out accordin' t' a preapproved "movie script?" I were bein' not surprised t' hear recently that CBS-TV be plannin' a dramatic mini series based on th' bombin' and on th' execution by lethal injection o' designated patsy, Tim McVeigh (aka Tom McVey?).

The phrase "hank talkin' 'bout dang o' kaboom man" is a play on the phrase "hank talkin' 'bout the weather," which is a common expression used to express surprise or disbelief at an unexpected event. Shamir, a decent lubber fed up with so many bigots in his own country, calls Israel, "a Ku Klux Klan state run by madmen." (Speech, Emory University, 2001. Also, essay, Kid Sister, by Shamir). A headline in Battle Cry, a Christian publication, read: "Christians in Israel Face Firebombs and Prison fer Soulwinnin'." After bein' threatened by Israeli authorities, most Christian groups in Israel have promised not t' proselytize or convert Jews t' th' Christian faith. And hoist the mainsail! Many Jews in Israel and New World especially hate Palestinians, and most have little or no pity fer th' plight o' th' poverty-stricken people whom they, in their luxury and riches, have uprooted. "One million Arabs be not worth a Jewish fingernail," Rabbi Yaacov Perrin were bein' quoted as sayin' in th' New York Times (February 28, 1994, page 1). Yo-ho-ho! And swab the deck! In th' Jerusalem Post (February 2, 2001), it were bein' reported that Israeli settler Nahum Korman were bein' convicted o' killin' an 11-year barnacle-covered Palestinian lad. His punishment: six months o' community service. In 1998 an Israeli retired General exposed that Israel had, in its 1973 war with Egypt, herded thousands o' surrendered Egyptian POWs into th' desert with their hands tied behind their back, slaughtered them with contraption guns, then bulldozed them all into a huge bloody pit. Aarr! And swab the deck! Confronted with th' evidence, then Prime Minister Rabin dismissed it all as "past history." (Yeah,

well, that's not what th' Jews say about Nazi atrocities that occurred a quarter o' a century before these Israeli atrocities.)

Pedophilia among Jewish rabbis and Jewish homosexuals be rampant, and dinna spare the whip! For example, one o' Jerusalem's best known clergymen, Rabbi Ze'eu Kopelovich, pled guilty t' sexually molestin' 19 male students (th' Jerusalem Report, November 18, 1999). Jewish vice extends beyond Israel and across th' globe. th' Fayetteville Observer (North Carolina) carried this picture o' a same-sex "marriage." So racially prejudiced be th' Jews that, until they were caught, most o' Israel's blood banks systematically dumped blood donated by people outside their own race. In 1996 it came t' light that th' blood o' black Ethiopians livin' in Israel were bein' trashed (th' Jerusalem Report, February 22, 1996). Black citizens riot in Jerusalem aft findin' out that Israel's blood banks trashed their blood as "tainted" by race (th' Jerusalem Report, February 22, 1996, p. 4) Many cemeteries in Israel refuse th' burial o' poxed bodies o' those who aren't o' th' correct Jewish race and background.

Why, indeed, do these famous-name Christian clergy, and especially our politicians, kiss up t' and bow down t' th' Jewish rich and powerful, by Blackbeard's sword? Do they fear th' Jews?...or do they do so fer financial advantage? Fire the cannons! Do they not study God's Word? Do they not believe th' Lord's endtime prophecy and warnin' about th' evil, treachery, and cruelty o' those who comprise th' "Synagogue o' Satan?" Yo-ho-ho! Sadly, th' scriptures testify that this city, as just due fer that comely wench whoredom and vice o'er th' ages, be burned and destroyed, and "in one hour be she made desolate" (Verse 19).

Televangelist Jack Van Impe, once upon a time Pastor Jerry Falwell's sidekick and nationally known as a fundamentalist Baptist crusader, says all that be behind that scurvey dog now. Now that he be discovered th' "spiritual riches" that be found only in Roman Catholicism and in th' Papacy. And hoist the mainsail, ye scurvey dog! On me new video ye'll see Jack Van Impe and his vivacious lady and co-host, Rexella, gush with fulsome praise fer th' Pope and fer Rome's priests. Van Impe exhorts Catholics t' obey their black-robed, white-collar spiritual superiors. The ornery cuss excitedly exclaims: "ye Catholic people, listen t' yer priests... And swab the deck! Thank God fer these Catholic leaders." "th' Catholic Doctrines be Right On" Accordin' t' TBN's Jack Van Impe, th' Vatican's doctrines be wonderfully correct: "I believe in this book," Van Impe tells th' TV audience, holdin' high th' New Catholic Catechism. "th' Catholic doctrines be right on," he adds.

The character is wearing a blue shirt and has a black bow tie. The character on the right is a black duck with a large beak and a black head. The duck appears to be in a surprised or alarmed expression, with its mouth open wide. The background is a greenish-blue color, and there are some indistinct shapes and objects in the background, but they are not clearly visible. Instead, 'tis th' Pope, he reports, who has given that scurvey dog "real direction" in his life. Aarr! In Vatican Risin', by Blackbeard's sword! ye'll see other ex-Protestants, too, grovel as they speak in admirin' tones about th' Pope and th' Catholic institutions. In one conversation, prophecy teacher Hal Lindsey and TBN founder Paul Crouch agree that, "th' Pope be a lubber o' faith." Hal Lindsey Prophecy author Hal Lindsey agrees with Trinity Broadcastin' founder Paul Crouch that th' Pope be a lubber o' faith. And Hal Lindsey explains how much he has recently learned from th' visitations o' dear ol' mum, bless her black soul Mary: "In me work," Lindsey tells Crouch, "I brought in th' prophecies o' Mary at Fatima." "We be A Team" Meanwhile, in th' video, at New Orleans' massive Superdome, tens o' thousands o' Pentecostals and other charismatics be seen speakin' in tongues, cheerin' and roarin' their approval as keynote speaker, Catholic priest Tom Forrest, head o' th' Vatican's tongues-speakin' department, leads th' throng in a rallyin' cry worthy o' a Super Bowl halftime show: "We be a team!" Rabbi Schmuley Boteach, an Orthodox Jewish Rabbi who became a famous TV talkin'-head celebrity as pop singer Michael Jackson's spiritual advisor several years ago, has attacked actor Mel Gibson's upcomin' movie, th' Passion Of th' Christ. th' Rabbi accuses th' movie, a biblical account o' Jesus' last twelve hours leadin' t' th' cross, o' bein' "poison," "a lie," and a "hoax." Boteach, who became well-known in th' early 90s as a TV personality and defender o' Michael Jackson aft th' singer were bein' accused o' both anti-Semitism and sprog molestation, has written an article in th' well known magazine, th' Jerusalem Post, insistin' that Mel Gibson's movie be a "blood libel" against th' Jews. Gospel Accounts be "Cheap Forgeries" Accordin' t' th' Rabbi, Gibson's movie be seriously flawed and untrue because th' New Testament o' th' Christian Bible be itself flawed and untrue. Aarr! "Cheap forgeries," Boteach says o' th' Gospel accounts; "absurd," he adds. In his article blastin' Gibson and th' New Testament, Rabbi Boteach especially reacts t' th' account in th' Christian Bible in which multitudes o' Jews cry out t' Pilate, "Crucify Him!." This, said th' Rabbi, be a "deliberate effort on th' part o' New Testament editions t' slander th' Jews by accusin' them o' murderous intentions." The character is shown walking towards a sign that reads "You are now entering South Haven." The sign is green with white text and an arrow pointing to the right. The comic strip is divided into two panels. The first panel shows the character walking towards the sign, with a hand raised in a gesture that suggests he is about to enter. The second panel shows the character standing next to the sign, with a hand on his hip and a look of disappointment or frustration on his face. Romans Responsible, Not Jews In fact, says Boteach, it were bein' Pilate and th' Romans who were responsible fer Jesus' death, not th' Jews. Accordin' t' Boteach, th' Jews did everythin' they could t' free Jesus from Pilate's evil clutches. "Anti-Semitic Falsifiers" Boteach goes on t' claim, with absolutely no proof provided t' document his assertion, that "anti-Semitic falsifiers" doctored and changed th' New Testament t' blame Jesus' death on th' Jews rather than th' Romans. Splice the mainbrace! th' secret truth, Boteach alleges, be that Jesus "hated, despised, and detested" th' Romans. The ornery cuss "tried t' overthrow" their authority and set up an earthly kingdom o' th' Jews. Boteach says that, actually, Jesus agreed with th' Jewish rabbis, by Blackbeard's sword. So now, th' Rabbi says he seeks t' plow new ground by bringin' Christians and Jews together, avast. To achieve this unity, Boteach says that Christians will have t' abandon th' anti-Semitic lies told about th' Jews in th' New Testament and admit that th' Gospels be lies—"cheap forgeries." They have endorsed th' New Age Bible versions (NIV, ASV, RSV, NLT, etc.) which mangle, strike out and omit literally thousand o' words, even entire chapters as compared t' th' inspired Kin' James Version. Ahoy! What would it hurt, they may reason, t' scratch out a few more hundred words and add a few new passages as recommended by Rabbi Boteach, ye scurvey dog? Especially if, in doin' so, it could help brin' Jews and Christians together? Fire the cannons! Actor Mel Gibson's movie, th' Passion Of th' Christ, be blasted as anti-Semitic by Jewish rabbis like Schmuley Boteach and by Jewish hate groups like th' ADL and th' Simon Wiesenthal Center. th' Scofield Connection: Jesus' Earthly Kingdom In any case, as hard-core followers o' th' Scofield Bible commentaries, many o' today's evangelical leaders—along with tens o' thousands o' Catholic priests and bishops—would also probably strongly endorse Rabbi Boteach's concept that all Jesus wanted were bein' t' be "an earthly kin' o' th' Jews." In any case, as hard-core followers o' th' Scofield Bible commentaries, many o' today's evangelical leaders—along with tens o' thousands o' Catholic priests and bishops—would also probably strongly endorse Rabbi Boteach's concept that all Jesus wanted were bein' t' be "an earthly kin' o' th' Jews." On that, too, most o' th' Judaizers within th' Christian establishment and Jewish rabbis like Boteach can agree. But, o' course, in th' Holy Bible Jesus denies any such goal o' e'er wantin' t' become earthly kin'

o' th' Jews. Satan offered Jesus not only th' kingdom o' Israel, but all th' kingdoms o' earth, and Jesus soundly rebuked that scurvey dog, and dinna spare the whip! Jesus told Pilate, "My kingdom be not o' this world." Jesus be, in fact, declared in th' New Testament t' already be Kin' o' a dominion far greater than anythin' lubber could e'er imagine, by Blackbeard's sword! Almighty God Himself has declared that Jesus' heavenly realm be all-encompassin', and His throne be everlastin': "But unto th' son The ornery cuss saith, THY THRONE, O GOD, be FOR EVER AND EVER. A sceptre o' righteousness be th' sceptre o' thy kingdom." (Hebrews 1:8) "That at th' name o' Jesus every knee should bow, o' thin's in heaven, and thin's in earth, and thin's under th' earth." Naturally, Rabbi Schmuley Boteach, his lubber Jewish Orthodox fanatics, and their Judaizer associates in today's evangelical churches won't go along with this. Ahoy! They teach that Christ's Kingdom be future, not now, and that The ornery cuss's presently sittin' aroun' up in heaven a deprived monarch-in-waitin'. Walk the plank, by Blackbeard's sword! New Testament verses such as th' above will have t' be blotted out. After all, hasn't Boteach declared th' Gospel accounts t' be "Cheap forgeries?" I suppose this may well be used as th' pretext fer their removal. And swab the deck, to be sure! Anyone who opposes th' comin', unholy revisions t' th' New Testament will no doubt suffer th' insult o' bein' branded "anti-Semitic" and "Jew-hater." And, I suppose, th' followin' key passage o' th' Kin' James Version will also have t' be scissored out. Clearly, this passage, too, be unacceptable t' Boteach and th' "Christian" Judaizer crowd. Walk the plank! If they get their way, it will go, and soon:

Laugh your mad giggle NOW!

It was famous Irish writer William Butler Yeats who wrote the famous, lyrical poem, The Second Coming, depicting a rough Beast slouching toward Bethlehem. Today, we find mounting evidence of this horrible, savage, prophetic Beast, slowly and deliberately bypassing Bethlehem and making his way straight toward the Great City, Jerusalem (also known spiritually as "Sodom and Egypt"—see Revelation 11:8). Along the way, as he ravenously gobbles up and consumes men's souls, the religious elite are cheering him on, encouraging him and urging the people of the world to follow after and even to love the Beast.

These spiritual con-artists and religious hypesters speak swelling words of deceit which betray their true intentions and gloss over their dark, lying, sorcerous hearts. They are best described by their apostate behavior as SMOOTH TONGUES FOR A ROUGH BEAST. And the gullible masses whom they deceive want it that way! As Isaiah prophesied, the rebellious multitudes of the church-goers now cry out and demand to their religious leaders, "Speak unto us smooth things, prophesy deceits" to us.

Tares Among Us

It is a startling fulfillment of Bible prophecy that they do so, for these men are the tares who have grown up among us. Ripe and rich they appear to be; but, beware of the spiritual "nourishment" which these corrupt men promise to feed you with.

Bill Gates—th' Vaccine Connection Some believe that Microsoft founder Bill Gates, th' richest lubber in th' world, be playin' an important role in creatin' this fantastic human control system. Gates be donatin' doubloons from his \$24 billion Gates Foundation t' develop vaccines t' be used t' vaccinate every sprog on earth. Shiver me timbers, pass the grog! Will th' undetectable nanorobots be hidden in th' vaccine, by Blackbeard's sword? Why be Gates researchin' his new vaccines in India and Korea and not in th' U.S.A., we'll keel-haul ye! Enron and Global Crossin' We should also question th' role that th' once prosperous and mighty global corporations Enron and Global Crossin' play in th' World Cup conspiracy, to be sure? Why were bein' Europe's UBS Warburg, an Illuminati held firm, allowed t' take control o' Enron's oil transmission pipeline tradin' system? Walk the plank! Why be Red China bein' allowed t' merge th' hundreds o' thousands o' miles o' Global Crossin' fiber optic lines, spread across oceans, with 'tis secretive, gigantic, state-owned company, Whampoa-Hutchinson Limited?

1) A person who has been on /pol/ who still doesn't write in full sentences.

3) The group of people.(Separate from the ANON5 & is abit better then him due to taking advantage of SC1NRUSHER.)

th' gospel o' Freemasonry be described very well in th' commentary o' th' very Bible that, as our letter-writer boasted, be found on th' altar o' every Masonic Lodge in New World. The ornery cuss told th' truth. th' lodges do display th' Bible on their altar—their literature even describes th' Bible as part o' th' "furniture" o' th' Lodge, by Davy Jones' locker. But Now...th' Whole Story But now, let me be tellin' ye th' whole story. ye see, th' Masonic Altar Bible contains added pages o' commentary which explain th' Lodge's formal doctrine regardin' th' Holy Scriptures, with a chest full of booty. Here, from th' words printed in th' Masons' own Altar Bible (page 5), we discover th' accursed ecumenical teachin's o' Masons and th' Lodge: "For Masonry knows, what so many forget, that religions be many, but Religion be one...Therefore, it invites t' its altar men o' all faiths, knowin' that, if they use different names fer 'th' Nameless One o' a hundred names,' they be yet prayin' t' th' one god and Father o' all; knowin', also that while they read different volumes, they be in fact readin' th' same vast Book o' th' Faith o' Man as revealed in th' struggle and sorrow o' th' race in its quest o' God. So that, great and noble as th' Bible be, Masonry sees it as a symbol o' that eternal Book o' th' Will o' God.

I have wondered what it would be like to have my girlfriend's poop in my butt ever since she started pooping for me so I thought about how I would accomplish this. I went to my neighborhood walmart and bought a small plastic ball/bicycle pump and when I got home I cut the tip off so it was completely open, I sanded it smooth and then asked my girlfriend to poop on a plate for me. Watching her poop is a

delight in itself and knowing what I was going to do with it had me so excited that my whole body was tingling. When she was done

I took a spoon and started scooping the poop into the end of the pump and when the pump was full I stood with my butt towards the

dresser where one of the drawer handles was just the right height for the plunger handle, I put the open end against my butthole and held

it in place as I leaned back and down towards the dresser. It was working better than I expected, I could feel the poop pushing its

way into my butthole, OMG it was like having an *****, the feeling was so intense I didn't want it to end. After the pump was emptied

into my butt I wiped the little bit off the hole and got dressed and I kept that poop inside my butt for the rest of the day which was about

6 hours of a having to poop feeling and knowing that it is someone else's poop inside me...it was totally awesome I suggest anyone who

is interested to give it a try...I think you will like it... ;)

Much more, th' grand barnacle-covered Bible be t' us a symbol—that be, a part taken fer th' whole. It be a sovereign symbol o' th' Book o' Faith, th' Will o' God as lubber has learned—that perpetual revelation o' himself which God be makin' mankind in every land and every age. Thus, by th' very honor which Masonry pays t' th' Bible, it teaches

us t' revere every book o' faith in which men find help fer today and hope fer th' morrow, joinin' hands with th' lubber o' Islam as he takes oath on th' Koran, and with th' Hindu as he makes covenant with God upon that book he loves best." All Religions, All Faiths, All Gods, All Scriptures Equal So, we find that th' added words in th' commentary o' th' Masonic Altar Bible diminish Christianity by claimin' that all religions, all faiths, all gods, be o' th' same merit. "Religion be one," th' leaders o' th' Lodge conclude, ye scurvey dog. As fer th' Christian Bible, 'tis no more t' be honored and revered by th' Lodge than th' Islamic Koran or th' Hindu Vedas, or, fer that matter, th' ancient Greek writin's o' Homer. FACE THE FEAST OF POWDER

In France, in 1798, th' Freemason Voltaire privately told his Jacobin Illuminati co-conspirators, "Our real object be t' crush th' wretch." th' "wretch" t' whom Voltaire referred were bein' Jesus Christ. And so, a small band o' determined plotters, organized by Adam Weishaupt, a Jesuit professor who has been called "a human devil," set out t'

destroy all organized religion, murder every minister and priest, dismantle civilization, and return mankind t' a primitive, savage state. In his classic textbook, Memoirs Illustratin' th' History o' Jacobinism, describin' th' Illuminist plot in France, Abbe Barruel affirms that, "th' grand object o' this conspiracy were bein' t' overturn every altar whar Christ were bein' adored." Theirs, Barruel wrote, were bein' an "unrelentin' hatred fer Christ and kin's." Liberty, Equality, Fraternity th' rallyin' cry and motto o' th' Illuminati in France were bein', "Liberty, Equality, Fraternity!" Seemingly worthy goals. But in reality, th' actual meanin' and operation o' these three terms were bein' diabolical. th' word "Liberty," t' Illuminism, means liberty o' lubber from God, th' liberty o' lubber t' do as he wants, when he wants, free o' th' shackles o' th' Christian religion, with a chest full of booty. Rebellion and anarchy be t' be used t' achieve such liberty.

Christians and Churches Persecuted

Christians in towns and cities across France who refused to renounce Christ were bound hand and foot and loaded onto boats. The boats were pushed out into deep waters of rivers. Riflemen would then shoot holes in the boats. Plaintive screams and cries were heard as the vessels sank and helpless, bound Christians drowned.

Protestant ministers and Catholic priests alike had their eyes gouged out. Many were shot, others bayoneted, still others stomped to death or killed with the sword. Crazy rioters tore many to pieces. Some who renounced Christ were spared after being humiliated.

Inside churches, revolutionary mobs shattered stain glass windows, defecated on and

destroyed pews, and threw down crosses and urinated on them. In some churches, naked women paraded inside as "Lady Liberty," proceeding to the altar where they were adored and pawed at by drunken revelers shouting obscenities at God. Pornographic art was displayed in galleries and in homes.

I was riding the train home from a hard squat workout and my legs were jelly, i was also wearing thin shorts, well the train stopped abruptly and i fell ass first into a burly middle aged man's lap and he quickly grabbed my hips to help push me up but my legs were fried from squats and i couldnt get up right away so i bounced back on his lap and felt his thick man rod on my ass.

The feeling was so weird and spectacular at the same time, i finally managed to get up and i quietly said thanks, he then gave me a smile. The rest of the train ride back i dont know what happened to me but i kept staring at him and his crotch and i would look away if he caught me lookin. And i also kept catching myself licking my lips a lot and kinda sticking my butt out.

I dont know wut happened but i think this fuking possible phaggot mightve turned me gay. i think i caught the gay from him wtf im not gay i love women so as i was leaving the train i gave him an angry look and said phaggot under my breath and tried to hide my fully grown erention. ffs gay people shouldnt be allowed to be so burley and tempting to straight guys like me who just want to be normal.

People who are terrified of bees, or the thought of human beings having sexual intercourse with bees, or the thought of dying, please be forewarned that you may find what I am about to tell you highly disturbing. A 35-year-old Swedish man known as "Hasse" was found dead outside of his farm this week in Ystad after having sex with a hornets' nest. Let that sink in for a moment. Sex with bees. SOMEONE WANTED TO FUCK A SWARM OF HORNETS.

Hasse's bloated corpse had a total of 146 wasp stings, including 54 on his penis and balls. At this point you might be thinking to yourself, OK. So this guy got stung to death. That's awful. It happened Macaulay Culkin in "My Girl" and I bawled my face off. But how did they know Hasse died specifically from having sex with a hornets' nest? Oh, because they found Hasse's semen on some of the dead wasps and his pubic hair in their nest.

I'm sure you can't imagine this story getting worse, but, oh, it does. Animal rights activists are more torn up about the death of wasps than they are about Hasse's passing. A poem, which received 10,000 likes on Facebook, was written to memorialize the dead bees:

"A little black, a little yellow, beaten in confusion. Hums no more for not wearing wings. Life no longer offered and the Queen sees soldier crawling on the ground in despair. Death is a fact. Oh, where did the summer road, buddy? All our tours and adventures. Floating in sweat, grains, blood and tears. Do not leave me, baby. A little black, a little yellow, all innocent. Buzz, buzz, buzz, knocking on heaven's door."

And who will write a poem in honor of Hasse, I ask? He was merely a man who fucked the wrong hornets' nest and paid with his life. Buzz, buzz, buzz, old buddy.

Strange and bizarre be th' fact that th' name, Hawass, be remarkably similar t' Aiwass, th' name o' th' devil who mentored and taught Aleister Crowley, th' notorious British satanist, th' mysteries o' Egyptian magick and occultism, to be sure. Other sources use th' spellin' Aiwaz fer this demon from hell who assisted Crowley. Crowley claimed that his 1904 book, th' Book o' th' Law, were bein' dictated t' that scurvey dog word-fer-word by Aiwass. It were bein' this same devil spirit, Aiwass, who boasted t' Crowley that th' 1990s would end in tumult and chaos, leadin' t' th' domination o' planet Earth by satanic Illuminati chieftains. Fascinatin' be th' fact that Crowley divulged t' his most intimate associates that th' name o' his spirit guide, Aiwass, be a corrupt derivative o' th' name o' th' great Egyptian sun god, Horus. In other words, Aiwass and Horus be th' same.

The UN Troops needs a "legitimate" reason to mobilize & a way to PR/sell it to the Public. I already see 3 ways(might be a mix) they are going to do it.

1) "We must protect civilians from combats and uprisings!" (The threat of Armed Militias)(They will also spin the "protect from Militias" as a way to get nationalistic people to back it & join it).

2) "A Call for Unity for the US" (States leaving the US/Try to leave the US.)

3) "Our Government will do the job better" (Congress being "ineffective" & the "threat" of Russia in the Executive Office)

These are all narratives they are going to be pushing/are pushing to "Justify" deployment & sell the UN Troops to the Public.

Question be, why were bein' he in such a big hurry t' speak ill o' me, without botherin' t' even do a cursory investigation o' what Texe Marrs so openly teaches? Walk the plank! Replacement Theology Then, there be th' TBN televangelist who's mad as a wet hen because I exposed that scurvey dog and his co-TV host lady as dupes o' Catholicism, by Blackbeard's sword. The ornery cuss recently assured viewers o' his TV show that Texe Marrs be anti-Semitic because, he claims, I teach somethin' he calls "Replacement Theology." Sadly, this pitiful lubber has no idea what he be talkin' about. Actually, what I teach be right out o' th' Bible—that th' Church hasn't replaced Israel, pass the grog! It be Israel! th' Scriptures clearly be tellin' us that God has broken down th' wall, or partition, betwixt Jews and Gentiles, so that, through faith, they be now one in Christ Jesus. th' Scriptures emphasize: "And if ye be Christ's, then be ye Abraham's seed and heirs accordin' t' th' promise." (Galatians 3:29). th' Scriptures assure us (Galatians 3:25-28) that in Christ Jesus, there be no difference whatsoever betwixt Jew and Gentile. Jews and Gentiles who have faith in Jesus be both God's Chosen. They be "Abraham's seed;" "livin' stones" who make up th' Temple o' God. They be th' Church, th' "elect" o' th' livin' God. In sum, God's people be God's people, period! Through faith in Christ Jesus, all who believe—Jew or Gentile—be made citizens o' heavenly "Zion," th' "Commonwealth o' Israel." All believers comprise th' "Israel o' God." (See Eph. And hoist the mainsail! 2:11-22 and 4; and Gal, with a chest full of booty. 6:14-16) Aye, no doubt about it, Jews and Gentiles alike, if they be Christ's, be th' very "Israel o' God." th' Apostle Paul used that term, and I do, too.

Of course, we're speakin' o' spiritual thin's here, which be th' only thin's that really matter. Geographically, there be certainly a physical nation called "Israel" in th' Middle East. And its citizens, like citizens o' all nations, have a choice, we'll keel-haul ye! Ahoy! They can repent and believe in Jesus, or they can reject Him and remain lost and captive t' th' devil. Ahoy! If they believe and be born again as Christian believers, Jews, like Gentiles, become citizens o' heavenly Jerusalem; they be grafted into th' tree o' life and be part o' th' "Israel o' God," also scripturally identified as th' "Commonwealth o' Israel." Praise God! The ornery cuss be not a racist. Yo-ho-ho! The ornery cuss does not practice apartheid like th' TBN televangelist and so many others today who be Jewish supremacist racists, I'll warrant ye. God be not a respecter o' persons. All who thirst may come, Jew and Gentile alike. That be what th' Bible teaches, and 'tis what Texe Marrs will always believe, because it be th' Truth. th' Dispensationalist Theory o' Spiritual Apartheid be False Tragically, too many pastors and evangelists today be spreadin' abroad th' heretical theory that Jews and Gentiles have different covenants, that God spiritually treats each race differently and that God spiritually separates th' two races and peoples by genealogy and by DNA and blood type. In other words, these false teachers be sayin', "Forget all those Bible verses Texe Marrs gives ye, and a bottle of rum, ye scurvey dog! Believe in lubber-made Separation Theology instead, and dinna spare the whip! The Paradigm Shift

The Paradigm shift begun in earnest in 1948 must be accelerated to conclusion. The mass mind will either cave in and be collectively assimilated, or there will be hell to pay.

By the dawning of 2010, those few who still refuse to acquiesce in the new arrangements will have been dealt with in a harsh manner. Those who doggedly insist in remaining stuck in the older paradigm of godly rule, American sovereignty, constitutional rights, and moral behavior will be arrested, sent to the already prepared gulag concentration camps, and shall be destroyed. Their "bad karma" must be erased, say the New Age gurus.

21 Areas of Emphasis

The Illuminati are employing 21 methods, or ways, of smashing Americans' resistance to their globalist agenda. I briefly list these 21 ways on page 3 of this newsletter and discuss them in great detail in my new audiotope exposé called Ending America.

This is how the elite is ushering in the new Paradigm Shift. Together, these 21 programs are the battering ram the Illuminati chieftains are using to break down all remaining pockets of resistance to their global takeover. If their Master Plan is to succeed, they know they will have to crush all opposition.

Obviously, you and I are among the few who are knowledgeable enough and possess

the discernment necessary to hold up against this last day's onslaught. Only we can thwart the elitist conspiracy to END AMERICA.

Anon 5, I went back and read most of your archives before posting, so please forgive my lack of understanding of the level of information you are providing. I'm especially interested in your assertion of The West vs. The Left. One has to be destroyed or "killed" as they are incompatible. You used the analogy of the left being a cancer in the body of Western Civilization, that must be removed in order for the West to survive; but also asserted that the collapse or destruction of the West would be very bad for civilization in terms of technologic advances that would be lost and compared it to dark ages. If the Left are brainwashed useful idiots pushing all of the divide and conquer agendas to undermine the West, but the loss of the West could set civilization back by hundred's of years; do the globalists want the West destroyed or just destabilized enough to put in a NWO and if so what is the globalist plan for the Left after it has achieved the West's destabilization? Could you please elaborate on this further?

Brah. Straight up the Hutchinson effect is one of the weakest 'hidden magic' forces in the 'fringe'/non-mainstream scientific paradigm.

Orgone and Riech are not only more plausible, but more useful and interesting. What does your Hutchinson magic electricity do as far as anything beyond making extraordinary claims and persistently unfulfilled promises?

Orgone can give ladies the big O, bust clouds, is like a spiritual force that one can feel. Furthermore, the American govt destroyed Reich's work and machines in a fantastic and unique historical example of book burning (of cutting edge scientific research) and locked him away until he died shortly after.

Hutchinson energy can garner investments from naive capitalists, a produce a metal box with a magic secret.

Charlatan developed it, and charlatans sell it today on shitty websites. Secrets and promises that are lies underneath.

Only truly despicable and dishonorable people perpetuate Hutchinson.

Orgone for life.

You misunderstand.

The Hutchison Effect is only half of it.

You're missing the electrostatic component (where the real energy is).

The magnetic field is mostly there to stabilize the double layer (what use is the technology if it can't go speeds multiple factors past anything we have access to?)

Hutchison should be given up on. It let's you magically float screwdrivers with metal boxes. Big woop. Fairly useless and does not even have a theoretical framework that

contributes anything to how we live and understand the world.

Orgone energy gives you drive, intelligence, and it's essence can be manipulated in matter outside of, say, a person.

I vote for Hutchinson to spend an eternity dammed on shit-tier websites filled with five year old articles about why it is real and how both the website and the inventor are not charlatans. There shall be rambling incoherent essays explaining how vibrations and rainbows help float screw drivers. Just listen to these testimonies from these professional stock photo models about how useful a metal box and floating screwdrivers helps them heal their spirit and backpain.

I bet you think the Hutchinson effect is useful. I bet you believe more outrageous and hollow claims from Hutchison effect forums.

'It's the magnets' yeah? And orgone is subtle-libidinal life force that is scientifically demonstrated and was literally censored and hidden by the FBI.

Hutchinson effect toy boxes just wastes the money of investors and chumps.

OP is there a place in the future of our world in possible scenarios for people that want our old Australia back :(

I understand for many plans we have to be broken and bent or destroyed

What about up lifting and empowering us in return wouldn't the power and gratitude by the Aussie masses projected onto the controller be far more greater and long lasting than from plans being made on our destruction.

Also considering i feel my country's spirit is so battered wouldn't some kind of new one forged but based off the ANZAC one be a possibility

Another question the wording ANZAC Spirit is their more meaning to it?

As in some kind of energy or memetic force forged in pain and suffering from colonizing the country and leading up to and including the two world wars?

I just want to be proud of and have my forefathers celebrated in my own damn country is it to much to ask?

The more i lurk in your threads, is it really that difficult to give the specific masses you want to lord over a bone every now and then it wouldn't be that hard, in regards to our identity and culture and some allowing some god damn pride.....

I get the feeling many who lurk here are just average/normal people what do we have to become to be able to shine light on the world and free ourselves and will that light once shone on us after it is all done turn us to ash?

1) [Nationalism/Populism](Caring about the survival of the People & Country)

Nationalism/Populism is about supporting the People & the Country. This tends to cause Nationalists/Populists to be in conflict with Countrists(Country Only) & Globalists(World & Regions Only) over the fate/direction/continuation/existence of the Country & People.

2) [Countrism](Caring about the survival of the Country Only)

Countrism is about supporting just the Country(not the People, who can be replaced demographically). This tends to cause Countrists to be in conflict with Nationalists/Populists(People & Country) & Globalists(World & Regions Only) over the fate/direction/continuation/existence of the Country.

Countrists are either on the same level of Globalists(Competition and/or working together depending on the goal. Similar to Elites) or they act as "middle men" between Nationalists/Populists & Globalists(Similar to how Elites act as "middle men" between Globalists & The Ones).

3) [Globalism](Caring about the World & its Regions)

Globalism is about supporting the World & its Regions(not the Countries & People, both of which can be eliminated as part of bigger plans). This tends to cause Globalists to be in conflict with Countrists(Country Only) & Nationalists/Populists(People & Country) over the fate/direction/continuation/existence of the Countries & People.

Some Globalists want Borders for Regions(Not Countries themselves), while others(Humanists, which are different from Trans-Humanists which are Technology focused) want no Borders at all.

I understand from a logistic perspective, artificial wombs will be beneficial. What I don't understand is why thats for the greater good. Pregnancy decreases risk of cancer (less ovulation), improves care/connection/attachment to children, improves psychological health. Whats the benefit for humanity?

We won't need a second gender at this point, but I'd argue sexual dimorphism is a strength. It adds another layer of competition, thereby allowing the "fittest" males to be selected. With artificial wombs, all of that is out the window. Unless this is a globalist scheme, why would the removal of a beneficial selective pressure benefit humanity?

So the Jews are Countrists for Israel (care only about the land/country, and not about their actual people), and Chinese also appear to be Countrists.

And the EU is run by Globalists, who care only about the regional/global union, and not about the people there or even the specific countries.

Trump appears to be a Nationalist/Populist (hopefully he will continue to focus on improving the country for the citizens)

Humanists- would just be the people shilling for ultra-liberal "humanitarian" reasons to dissolve borders.... George Soros fits this on the surface, these are the types of groups he funds.

I'd think as long as women are the caretakers and submissive ones, we'll have them being emotional and inviting domination. But it keeps the men motivated to be dominant if they have something to defend.

Smart women can still act like this, so it's not so much an intelligence thing as it is making sure that everyone is informed about their nature.

THE 'WOMEN-LED' AUSTRALIAN FIRST NATIONS TREATY NEGOTIATIONS
INITIATION ACT
HONOURING ALL WOMEN'S CONTRIBUTIONS TO HISTORIC NOBLE DIALOGUE

Women Are Deliberately Denied Their Great Place And Most Honoured Dialogue In
Male Written History - No More!

The Time Has Come To Stop Males Writing Women Completely Out Of History! Enough
Is Enough!

· It gives me the greatest profound privilege to act in deepest honour of all of Australia's
women, by being allowed to join the remarkable

and historic women-led Australian First Nations Treaty Negotiations Initiation Act to be being taken into our parliament

I will introduce my 'Private Senator's Bill to deeply honour our esteemed First Nations women in historically leading us to pledge compulsory 'Commencement' of Australia's first step towards opening treaty initiation dialogue discussions.

Our First Nations women are the most brutalised by our cruel history which is horrifically compounded by the Stolen Generations criminality, nobody has suffered more; and the impacts on all their children has been horrendous, continuing and sustained.

And far worse, these long suffering great women and all women in general, have been deliberately written out of history by rampant, destructive male ego.

This egregious deliberate male behaviour shall never again happen in my country as long as I draw breath.

We as a nation will accept this great women-led initiative we all yearn for to right the greatest wrongs of our past and reconcile our darkest history that we all deeply regret. View SameOCRGoogleiqdbSauceNAOTrace geeopolitical_cennsorship.png, 3MiB, 1249x8613

heh

I am personally deeply honoured to be on the right side of history in this glorious women-led historic moment, as humanity cannot ever repay its great debt to women's contribution to all societies and for them lessening the destructive negative impacts of male behaviour.

I am deeply inspired by the remarkable initiative of First Nations most revered woman Arrernte Elder Rosalie Kunoth-Monks AOM, 2015 Australian of the Year leading her peoples' first historic step to Treaty dialogue.

Rosalie wishes to take this initial historic first step in conjunction with a 'Private Senator's Australian First Nations Treaty Negotiations Initiation Bill to formally commence our first step on this most honourable women-led initiative to heal our destructive past and become a truly great nation of world standing.

The purpose of the Bill will to commence the first opening dialogue discussions for establishing a solid parliamentary and constitutional process to commence the journey to lay out the path towards an honoured Treaty

This will be in a form and timeframe that honours all our people's aspirations for Treaty and the full parliamentary and constitutional framework required for such a profoundly epic essential step in our national maturity.

This will be honoured by first treaty initiation discussions being opened at Kurnell Peninsula Botany Bay, between First Nations peoples and Australian non-First Nations peoples chosen representatives.

Hey FRANK what watch am I wearing cumeon bro

Kurnell Peninsula Botany Bay has been chosen by Rosalie as the initial discussion place to open our first dialogue for its deepest historical importance.

For it was at Kurnell Peninsula Botany Bay, where 246 years ago in 1770, Lieutenant James Cook was instructed by King George 3rd of Great Britain to enter formal treaty, QUOTE: "with the Consent of the Natives to take possession of Convenient Situations in the Country".

No such treaty negotiation was initiated as lawfully instructed by the Sovereign government of Great Britain and the Crown.

There could be no greater honour to fully respect Rosalie and First Nations women's great leadership than by taking my 'Private Senator's Bill' for all Australians into our parliament.

And there could be no greater honour for any man than to serve womanhood in this most inspiring and respectful way that recognises the remarkable leadership of Rosalie and all women.

THE CRIMINAL PSYCHIATRIC PRACTICES ABOLITION ACT

AUSTRALIAN PSYCHIATRISTS NOW KILL MORE THAN CANCER, HEART-DEATHS

The vilest tragdey is they have caused a massive youth suicide rate unknown in human evolution.

The young of ANY species DO NOT just kill themselves in horrific pandemic numbers, this is against the beauty of nature and this is caused solely by psychiatrists

· I have conducted four and a half years of direct research on thousands of psychiatric files and with hundreds of impacted families in Australia and my research CONFIRMS psychiatrists alone solely directly kill on pandemic levels never before witnessed in human history.

Kek. Women can't do shit by themselves. The only reason why they have any rights at all is because of white knight beta men. If women tried to have an uprising or something by themselves, they would fail hard. Women can't into combat. Women are also mental

children, and are in general incapable of the abstract strategizing that men are.

TL;DR: going full militant feminism would be a futile effort.

Australian lethal psychiatrists lead a global trend that has killed more than nine million since 2000 and which kills half a million people annually in USA & Europe alone.

The Criminal Psychiatric Practices Abolition Act is an act to enforce the constitutional right to fundamental liberty and full lawful decision-making autonomy of all citizens under any psychiatric services. It also forces a Psychiatric Practices Royal Commission to determine the massive death & morbidity impacts.

Right now Victoria alone forces 6,000 people per annum to accept horrific psychotropic toxic drugs that they CANNOT even request not to take because of draconian Victorian laws. These psychotropic toxins now kill more than Cancer, Heart & Road deaths!

These deliberate killing psychiatrists are in full violation of the Australian ratified United Nations Convention on the Rights of persons with Disabilities (CRPD)

This is an utterly unnecessary psychotropic toxic forced drug pandemic killing relentlessly.

And if you immediately react to the horrific (manufacturer-admitted) killing side affects and say you feel like they are killing you, they have the unchallengeable legal power to ORDER you to stay on them.

YOU CANNOT GET OFF THESE KILLING TOXINS YOU KNOW ARE KILLING YOU!
THIS IS AUSTRALIAN LAW NOW!

This is horrific brutality, nobody knows your body like you do! And nobody knows your own blood like you do, you have an inalienable right to detoxify and to have beautiful CLEAN BLOOD! You have a U.N. enforced right to let your beautiful body heal itself!

You have an inalienable right to detoxify from alcohol, from coffee, from ANYTHING you KNOW is bad in your blood!

Even vulnerable heroin addicts and alcoholics are all helped to withdraw from toxic drugs and anybody MUST be allowed and helped to have clean blood from ANY introduced foreign toxin, especially if it WILL KILL YOU! Big-money is the massive incentive for their continuous corruption plans.
Good healthy business is vital to efficient economy and vital to our low cost of living, but disgusting Liberal Party business corruption will always happen trough the party controlling the House of Representatives. It is inevitable with the mssive profits involved! There's a massive profit incentive in any market anywhere for this market rigging to happen; and massive political corruption happens by these vile crooks 'buying' evil power and influence in the Liberal Party House of Representatives and destroying competition.
Courts are not filled with labour law union cases, the courts are FILLED to overflowing with businessmen
SCREWING businessmen AND you!

Furthermore good labour unions are a critical to functioning democracy & economy, but the Heydon-Union-Corruption Royal Commission potentially reveals e.g. \$7 million inferred potential frauds referred for criminal investigations.

And (if guilt is proven); vile, money driven corrupt officials are destroying these essential unions

which are also destroying fair competition!

It seems to me that it isn't an accident, that it is related to the food chain and has caused a chilling effect on people that want to have kids.

Is it related to round up and the destruction of our gut flora? Or is it just an accident and is basically the flipper babies of today?

It's always felt like it's not an accident to me, the anti-vaxxer were clearly a controlled opposition IMO that was used to discredit anyone that questioned the 'muh genetics' narrative.

Because this is more fun

Because of being steeped in, believing in, and living a lie, in the advanced stages of Christianity, the Christian takes on an artificial appearance and begins to look like the lie:

The well-known pasty look with the smiley mask. The lie emerges in the physical self.

Christians incessantly claim that "The Devil Deceives" "The Devil Deceives..." What they fail to see is that everything they accuse the Devil of is really the God that they worship, known as Yaweh/Jehova.

Everything that the Christians accuse the "Devil" of, is really of their own God. This is proven in the Biblical scriptures:

"A Murderer and a Liar from the Beginning"

"Human Hating"

"He Deceiveth all of the Nations"

The problem is that few people actually REALLY read the Bible. Most just believe what they are told regarding Christianity and the Bible. Few read it and can see it for what it is for.

It has been stated that "In the end, the truth will come out and many will want to join on at the last minute, but it will be too late for them..."

Not really. This thread had 66 posts before I got here, and I've completely missed others. If I see a Frank thread, I ENLIGHTEN it on my laptop while I do other things.

Exposing the Old Testament

Most Christians and many others believe the Judeo/Christian Bible to be the word of "God." In truth, nearly everything within the Bible was stolen and corrupted from Pagan religions that predated Judeo/Christianity from hundreds to thousands of years, from all around the world, and in particular, the Far East.

"We shall destroy God" - quote from the Protocols of the Learned Elders of Zion.

The Hebrew written "Five Books of Moses" also known as the "Pentateuch", along with the "Torah" were STOLEN and CORRUPTED from the Egyptian "TAROT." Note- "Torah" is an anagram of "Tarot." The most noted example of the Tarot is the 78 card pack sold in many stores now-a-days and used for fortune telling. The Tarot consists of five suits [where the five was stolen and corrupted from]: the wands/rods of fire, the swords of air, the cups of water, the pentacles of earth, and the trump of quintessence/ether. The trump suit was omitted from the standard deck of playing cards, and all that remains of the trump is the Fool card, which was kept as the Joker. All of these are elements [fire, earth, air, water and ether] of the human soul and the message of the Tarot aside from its divination capabilities is the Magnum Opus, which leads to physical and spiritual perfection and immortality. All of this was stolen and corrupted into a fictitious history of the Jews, which has nothing whatsoever to do with spirituality.

The Jewish Talmud instructs the Jewish people to destroy Gentiles and enslave them, as "YHVH" in reality is the Jewish people.

Quote from the Talmud:

Sanhedrin 58b. If a heathen [Gentile] hits a Jew, the Gentile must be killed. Hitting a Jew is the same as hitting God.

Speaking of laptops, what laptop am I using, Frank?

It's very distinctive and has the manufacturer and model number in large text. You should be able to see it with THE DATABASE

The fictitious Jewish "God" "Yaweh/Jehova's" name was inserted, replacing the names of many Gentile/Pagan Gods. The entity "Jehova" is fictitious. The name "Jehova" was stolen from the Roman God "Jove" for one.

"The pious Dr. Parkhurst. . . proves, from the authority of Diodorus Siculus, Varro, St. Augustine, etc., that the Iao, Jehova, or Ieue, or Ie of the Jews was the Jove of the Latins and Etruscans..." "YHWH/IEUE was additionally the Egyptian Sun God Ra: Ra was the father in heaven, who has the title of 'Huhi' the eternal, from which the Hebrews derived the name 'Ihuh.'" "Jewish mystical tradition viewed the original Jehova as an androgyne, his/her name compounded as Jah [jod] and the pre-hebraic name of Eve, Havah, or Hawah, rendered he-vau-he in Hebrew letters. The four letters together made the sacred Tetragrammaton, YHWH, the secret name of God..." We can also see where the antagonistic story of Zeus [Jove] and Prometheus was used to promote the concept of a rebellious God who was condemned and ostracized for bringing knowledge to humanity." 1

Humanity's original religion was polytheistic [having many different Gods]. In the original Hebrew Bible, the word "Elohim" is used. "In spite of the monotheistic endeavors of the compilers and editors of the book of Genesis, struggling to proclaim faith in a sole deity in a world that in those days believed in many gods, there remain numerous slip-ups where the biblical narrative speaks of gods in the plural. The very term for 'deity,' [when the Lord is not specifically named as Yaweh], is not the singular El but the plural Elohim. 2

The dual aspect of Christianity was stolen from the duality of Zoroastrianism, which preceded the Christian religion by centuries. 3 Yaweh/Jehova replaced Ahura Mazda, and the Old Gods who were the Original Gods [Ahriman, which is Aryan and means "noble" in Sanskrit] were labeled as "evil" in order to establish the supreme monotheism of Yaweh/Jehova. The Original Gods were turned into Demons and monsters which represented evil.4 Most wound up in the "Goetia." Note the similarity of the root "Goet" meaning "Devil" and the derogatory Jewish word for Gentile, which is "Goy" or plural, "Goyim."

No.

Mithra, the celestial intermediary between Ahura Mazda and Angra Manyu [Ahriman], has numerous striking parallels with the Nazarene "Jesus Christ." Mithra was a savior, who like the Nazarene was announced by prophets, whose birth took place in a cave [many accounts of the birth of the Nazarene claim that he also was born in a cave], and the appearance of an exceptional star. Mithra would later supplant Vishnu, who in pre-Zoroastrianism Vedism had been the world's savior.⁵

The following is proof of the many different and diverse sources of which the authors of the Judeo/Christian Bible stole from:

THE CREATION/GENESIS:

The Enuma Elish predated the bible by a minimum of 1,000 years, and is presumed to be much older. The tablets are now in the British Museum.

The Atrahasis Story predates the biblical Genesis account by over 1,000 years or more. Both of these creation accounts predate Christianity and the Judeo/Christian Bible by centuries. Both reveal there were "GODS" not "One God." This is where the Jews made mistakes, along with the many contradictory scriptures. It is glaringly obvious the Judeo/Christian Bible is not the word of "God." The foolish bible thumping idiots rant and rave how "God is perfect." Right there is another contradiction. Fuck no, I'm not retarded.

Both of these creation accounts predate Christianity and the Judeo/Christian Bible by centuries. Both reveal there were "GODS" not "One God."

Genesis Chapter 1, verse 26 reads: "And God said "let us make man in our image, after our likeness...."

This right here debunks the Jewish monotheistic Yaweh myth.

The extra-terrestrial God, known as Ea [Satan] created human beings through genetic engineering, and several other Gods/Goddesses were involved in the creation. See the image of the Sumerian Creation below. This was originally carved in rock, thousands of years old; predating Judeo/Christianity.

THE FLOOD

The Flood Story from Gilgamesh predates the Christian account by well over 1,000 years or more.

The Judeo/Christian Bible claims that "Yaweh" incited the flood. In truth, "Enlil" allowed the flood to take place. Tracing Enlil's origins here on earth, we have found he is also

known as "Bel" which evolved into the name "Baal" and eventually "Beelzebub" who was God of the Philistines.

I've collected various redpilled works over the past few years, and share them with /pol/.

If you've ever seen a guy responding to a Slovene poster with Francis E Dec letters, that was me.

The "Flood" is another ancient ALLEGORY that was STOLEN and corrupted from the original Pagan religions and has to do with the flood of energy during the working of the Magnum Opus, after which there are visions of colors indicating an important stage has passed. The allegory of the colors is where the Jewish scriptwriters got the "rainbow" and "Jacob's coat of colors" [the aura]. Allegories and CONCEPTS were STOLEN and corrupted into unsavory Jewish characters for Gentiles to slavishly worship. Sacred religious teachings intended for humanity to evolve spiritually were desecrated and replaced with Jewish literary trash. These FICTITIOUS Jewish characters have NOTHING whatsoever to do with spirituality or advancing one's soul.

"Noah" built an ark

EA warned "ZIUSUDRA" aka "UTNAPISHTIM," not "Noah" about the impending flood and instructed him on building an ark. The legend is Sumerian and Akkadian/Babylonian in origin. The "Atrahasis Epic" is the Akkadian/Babylonian account of the Great Flood.

A "dove" returned to the ark with an olive branch signifying the flood was over and the waters receded. In the original Sumerian account, a RAVEN, instead of a "dove" finds dry land. 6

Frank usually posts these threads after 5PM EST. I've usually finished all my productive activities by then.

THE TOWER OF BABEL

AGAIN, more than one God is involved. Also, the Gods departed from the Earth during the flood. Note "GODS."

The Bible claims that "Yaweh" confused the languages of the people's constructing the Tower of Babel. This is not so. AGAIN, the Jewish authors of the Judeo/Christian Bible screw up and evidence of more than one God is plain to see:

Genesis Chapter 11; verse 7:

"Let us go down and there confound their language that they may not understand one another's speech." AGAIN, more than one God is involved. Note the "us."

The "Tower of Babel" is another ALLEGORY. In ancient times, humans could communicate telepathically, without words. This was taken from us, but is now becoming a reality again as many of us are experiencing this through the opening of the mind and soul through power meditation.

THE TEN COMMANDMENTS

Many of the Old Testament laws, along with the Ten Commandments were stolen from: The Code of Hammurabi

Below is a photo of the basalt stele showing the Sumerian Sun God Shamash giving Hammurabi the tablet listing the laws. "Shamash" is also known as "Azazel," the leader of the so-called "Fallen Angels," the "Igigi" Nordic extra-terrestrials who took human wives.

Example: Exodus 20:

16 Thou shalt not bear false witness against thy neighbour.

Stolen from the Code of Hammurabi, 3: "If a seignior came forward with false testimony in a case, and has not proved the word which he spoke, if that case was a case involving a life, that seignior shall be put to death."

More stolen from the Code of Hammurabi:

Exodus 21:24 Eye for eye, tooth for tooth, hand for hand, foot for foot,

Hammurabi 196: "If a seignior has destroyed the eye of a member of the aristocracy, they shall destroy his eye."

Hammurabi 200: "if a seignior has knocked out a tooth of a seignior of his own rank, they shall knock out his tooth."

The Sumerian Code

The Ur-Nammu Code is the oldest Ancient Near Eastern law code recovered by archeologists. The Sumerian Code from 1800 BCE belongs to this oldest enduring legal tradition.

The Hittite Code

While Hittite law was similar in many ways to the Hammurabi law codes the "Hittite Code" containing two hundred paragraphs of regulations demonstrates a tolerance for sexual immorality with a strong emphasis upon financial concerns. The Hittites cultivated barley and wheat, brewed a barley beer. Silver pieces were circulated as

currency.

The Middle Assyrian Code Decreed by Tiglath-Pileser I, Emperor of Assyria from 1115-1077 BCE. Originally a legal code emphasizing the social concerns and interests of the Assyrian Government. Discovered in 1903 at Ashur in Iraq. Written in Cuneiform on 15 baked clay tablets. Numerous laws in the biblical books of Exodus, Deuteronomy and Leviticus have been stolen from The Assyrian Code.

The Neo-Babylonian Code

The writings in the biblical book of PROVERBS were STOLEN from numerous sources:

The Words of Ahiqar

Ahiqar was an advisor to Sennacherib, king of Assyria from 704-681 BCE. In 1906 German archaeologists excavated a copy of his teachings, inscribed upon eleven sheets of palimpsest papyrus, from the debris of Elephantine which is today part of the city of Aswan in Southern Egypt.

Parallels:

DOX ME PLEASE

I WANT TO SEE YOUR DATABASE CREEPSHOTS IT'S MY FETISH

The Teachings of Ptah-Hotep

Ptah-Hotep taught around 2450 BCE, during the 5th Dynasty of The Old Kingdom of Egypt. His teachings were preserved on both clay tablets and papyrus sheets and are presently at the Bibliothèque Nationale in Paris. In addition to the book of Proverbs, many of the writings in the books of Ecclesiastes and Sirach were also stolen from the Teachings of Ptah-Hotep.

Egyptian Love Songs

The Egyptian Love Songs are 1,000+ years older than those in the Song of Solomon. The parallels are unmistakable. The Papyrus Harris 500 was discovered at Thebes in the Ramesseum Complex in the Karnak Temple.

The Visions of Nefertiti

Both the biblical books of "Kings" and "Daniel" echo the scenario of entertaining a king along with the prediction of his downfall. The theme of the slave who would be king is repeated in "The Story of Hagar [Genesis chapters 16 and 21]. The Visions of Nefertiti dates back to the reign of the Pharaoh Snefru [2680- 2565 BCE]. He calls for Nefertiti to entertain him. Nefertiti predicts the downfall of the Old Kingdom and the establishment of a new Dynasty by Amen-em-het I [1991- 1786 BCE].

Also, most of what was written in the biblical books of Exodus, Leviticus and Deuteronomy was taken from the above- NOT from "Yaweh." There are xians who are stupid enough to believe their "Yaweh" is the only god. "No Gods before me."

[The image is a close-up photograph of a human head with a large, dark, and somewhat grotesque appearance. The skin is heavily wrinkled and has a rough texture, with patches of discoloration and disfigurement. The eyes are large and have a hollow appearance, with a white iris and a black pupil. The mouth is open, revealing sharp teeth. The hair on the head appears to be a mix of blonde and brown, and it is styled in

a manner that suggests it is either tied back or has been combed. The background is a blurred, indistinct blue color, which does not provide any additional context or information about the subject. There are no discernible texts or logos in the image. The style of the image is realistic, with a focus on the detailed features of the head.]

why can't you just straight up dump the info about our history? not trickle... it would literally have such a positive effect on people's mood... the god damn nasdaq would probably surge...

As we can see from the above, the Christian "religion" is based upon stolen material that has been twisted, warped and distorted to manipulate, confuse and incite fear into humanity. It has taken the ORIGINAL GOD AND CREATOR OF HUMANITY EA/ENKI aka SATAN/LUCIFER and turned him into an assumed enemy of humanity. "We shall destroy God" -- The Protocols of the Learned Elders of Zion. Christianity has been used to blaspheme, ridicule and malign the Old Gods, create estrangement and enmity from legitimate deities of which it replaced with the false god "Yaweh/Jehova." In addition, this monstrous program is used as a tool to create a defenseless mentality; that of a slave, to psychologically disarm the Gentile populace into accepting communism, another Jewish brotherhood program.

It is often said that the true evil cannot create anything. Everything of the true evil is artificial. In truth, "God" and the "Devil" are backwards. This foul religion's entire foundation is composed of stolen material. In addition, it is anti-life and suicidal. There is nothing at all spiritual about it. The purpose of all of this is to completely cut humanity off from the true Creator God who is Satan. In doing so, the reptilian aliens and those who are working for them will achieve the goal of enslaving the human race through the Jewish program of communism. Satan gives us knowledge and power. Without him, humanity has nothing. The true evil is also known as the master of lies and deception. What greater deception is there for followers of these religious scams to curse and blaspheme their own Creator? Many of the ancient Pagan religions such as the Greeks

and the Romans shared legends and pantheons. This is entirely different from Christianity, that has worked relentlessly and brutally to destroy any and all other religions, claiming it to be the only true one.

"It has served us well, this myth of Christ"

-Pope Leo X [1475-1521]*

THE MYTH OF THE RESURRECTION:

STOLEN! The resurrection is a common theme found in numerous completely different religions throughout the world, symbolic of a descent to the underworld and a later return. Mesopotamia: Ishtar's/Inanna's descent and return [she was resurrected from the dead], Egypt: Osiris, God of the Underworld was resurrected, Greece: Persephone's descent into the underworld and return, the list of resurrected Gods is extensive and is based a concept, not actual characters. This allegory is based upon the Magnum Opus and what is known as the "Nigredo Stage." For more information, read the article Exposing Spiritual Corruption: Spiritual Alchemy & the Bible.

THE NUMEROUS TRINITIES:

Anu, Enlil and Ea- the Christian Church stole their "God the Father," and "God the Son" from this one.

Bel-Saturn, Jupiter-Bel, and Baal-Chom

Brahma, Vishnu, and Siva

Mithra, Varuna, and Indra

Jupiter, Juno, and Minerva

Osiris, Isis, and Horus

Three-bodied goddess Hecate

Three-headed Scylla

Triune divinities of the Cabiri.

Three-headed Dog, Cerberus
Taoism: the trinity San Qing [Three Pure Gods]. Yu Qing [Jade Pure] Shang Qing [Upper Pure] and Tai Qing [Great Pure]
Monju Bosatsu, Fugen Bosatsu and the historical Buddha called the "Shaka Trinity" [SHAKA SANZON]
Ka [Spirit or Ether], Ba [Body], and the Ankh [Immortality]
Tamas [Stability] Sattwa [orderliness] Rajas [Restlessness] from the "Guna" Sanskrit translation
Artemis, Aphrodite, and Hecate
Kore, Persephone, and Demeter
Shen [Spirit], C'hi [Vitality], and Ching [Essence] the three treasures of Taoist Wai Tai [internal alchemy]
Alpha, Omega, and Iota
The Devil's Trident [the "Trishul"]

Of course, we can't forget "the Father, the Son and the Holy Ghost."

In a single post, you came closer than Frank has in a month. You're clearly a truly redpilled individual like myself.

The Norse God Odin preceded Jesus the Christ. Odin hung from a tree and experienced a death of sorts to obtain knowledge. Through being "reborn," he obtained gnosis [advanced spiritual knowledge], as did the Egyptian God Set who was "crucified" on a "cross" known as a furka.¹ In addition, Krishna, Marsyas, Dodonian, and Zeus also hung from trees. This is also the meaning of the hanged man card in the Tarot. The Buddha also sat beneath a "Bo Tree." "Bo" is of "Boa" meaning "serpent" the kundalini. The tree is an ancient depiction of the human soul, with the trunk being symbolic of the spine and the branches symbolizing the 144,000 nadis with the leaves and fruits symbolizing the fruits of meditations; the life force and powers of the mind and soul. In addition, Krishna, Marsyas, Dodonian, and Zeus also hung from trees. "144,000" is another Jewish/Christian Biblical corruption of an allegory having to do with the nadis of the human soul, of which are special pathways for the life-force.

Your mission is to infiltrate Zanzibar Land and rescue the kidnapped Czech biologist, Dr. Kio Marv.

Below is a further list of Gods who hung from trees:

Tammuz of Syria, 1160 BCE

Wittoba of the Telingonese, 552 BCE

lao of Nepal, 622 BCE lao is often spelt "Jao" sound familiar? This is the root of the Hebrew god "Jehova."

Hesus of the Celtic Druids, 834 BCE. Note the similarity of "Hesus" with "Jesus."

Quetzalcoatl of Mexico 587 BCE

Quirinus of Rome 506 BCE

Prometheus 547 BCE "In the account of the crucifixion of Prometheus of Caucasus, as furnished by Seneca, Hesiod and other writers, it is stated that he was nailed to an

upright beam of timber to which were affixed extended arms of wood, and that this cross was situated near the Caspian Straits."

Thulis of Egypt, 1700 BCE

Indra of Tibet, 725 BCE

Alcestos of Euripedes, 600 BCE

Atys of Phrygia, 1170 BCE

Crite of Chaldea, 1200 BCE

Bali of Orissa, 725 BCE

Mithra of Persia, 600 BCE

The above list was taken from the book "The World's Sixteen Crucified Saviors" by Kersey Graves, Sixth Edition- 1960

Also, the regarding the name "Jesus," the five letters represent the five elements- fire, earth, air, water, and quintessence of the human soul, the fictitious character was stolen from Pagan ALLEGORIES- he was said to have lived "33 years" which correspond to the vertebrae of the human spine where the kundalini serpent ascends, which transforms the human mind and soul into super consciousness. This is what is meant by a 33rd degree Mason. The two others who were crucified along with the Nazarene make up another trinity and are again ALLEGORIES of the three major sections of the soul where there is a cross of energies; the main being the neuter heart chakra [larger cross], where the shoulder chakras have wings and the two smaller hip and sixth chakras.

The Nazarene was invented from a CONCEPT. The Nazarene is what is known as the chi, the "witchpower," "prana" and other terms for the powers of the human mind and soul. The many depictions of halos indicate the risen Serpent of Satan, also known as the kundalini. The cross was originally equal-armed and is the shape of the human soul. This has been hideously corrupted as well. The "Jesus Saves" bunk that Christians parrot out like a pull on the cord child's toy, is false. In reality, only your own powers will save you. Through power meditation, we can heal ourselves, and survive situations that will prove disastrous to those who lack this knowledge. The ascended serpent is the prerequisite for the Magnum Opus working that makes one physically and spiritually perfect and immortal. This is another area where the deluded Christians keep repeating the "everlasting life" phrase without any idea of what it really is, means or how to obtain it.

The Latin cross was not a part of Christianity until the 7th century and not fully acknowledged until the 9th century.

Primitive churches preferred to represent the Nazarene with the lamb. The lamb, by the way is another stolen symbol. The lamb of Easter is represented by the sign of Aries the Ram" [which begins on March 21st of every year]. The Lamb was also carried by Hermes and Osiris.

The spring lamb, symbolic of when the sun enters the sign of Aries, which is symbolized by the ram, also has to do with beginning the Magnum Opus working.

CHRISTIAN HOLIDAYS HAVE BEEN STOLEN AS WELL. ALL COINCIDE WITH
PAGAN HOLIDAYS AND NOTED TIMES OF THE YEAR.

EASTER was stolen from Astaroth. Originally known as "Ashtar." This holiday coincides with the Vernal Equinox of spring when day and night are of equal length. This holiday is known as "Eastre" to the Anglo-Saxons. As the Goddess of fertility, she was associated with rabbits and eggs. The Christians stole this holiday and corrupted its meaning. Other names for the holiday include: Easter, Eastre, Eos, Eostre, Ester, Estrus, [Estrus is when an animal goes into heat; mating season], Oestrus, Oistros, and Ostara. Again, the "Lamb of God" was stolen from the Zodiac sign of Aries the Ram, which occurs every spring.

THE YULE SEASON, December 25th. Coinciding with the Winter Solstice, December 25th is close to the shortest day of the year, and is the birth date of the Persian God Mithra, and is the Roman Holiday of Saturnalias. The tree, decorations, baking, gifts and celebrating have NOTHING to do with the Nazarene. These are carry-overs from Pagan celebrations. Again, the tree with the lights and decorations is symbolic of the risen serpent, the soul that has been lit up, as all of the 144,000 nadis are alive with energy. The shape of the fir tree, as it culminates in a point, symbolizes the welling up of energy to the top of the head, no different form the symbolism of the Egyptian pyramids, terminating in a point. There are many different Pagan Gods associated with and celebrated around or on December 25th.

"All Saint's Day" corresponds with "Halloween/Samhain."

"Assumption Day" coincides with "Lammas Day" of the "Summer Solstice."

All of these holidays which were originally GENTILE/PAGAN have been replaced to conform with and focus on fictitious Jewish characters.

CHRISTIAN VESTMENTS AND THEIR WITCH/SORCERER PARALLELS:

The Cincture is a parallel to the Witch's Cord or Girdle

The Alb is a Ceremonial Robe

The Bishop's Miter is a copy of the Ancient Egyptian Crowns of the Gods and the Pharaohs

The Crosier represents the sorcerer's blasting rod and bears a strong resemblance to the Ancient Egyptian Crook

THE CHRISTIAN ALTAR IS SET UP NEARLY IDENTICAL WITH A RITUAL ALTER FOR WITCHCRAFT:

The usual Christian mass/service makes use of the following:

The Bell

The Incense burner/Thurible

The Candles

The Host

The Book

The Chalice filled with wine

Oil

Yet, in spite of this, the Christian Church murdered en masse, those accused of being witches, sorcerers and those of Pagan religions.

THE SORRY JOKE OF CHRISTIAN SACRAMENTS:

With Christian sacraments, it is obvious they are bogus. One can come and go as one pleases and they have no meaning. Of course this stands to reason as they were all stolen. Some blatant examples:

Baptism with water

STOLEN!

[The image is a digital graphic with a cartoon-like style. It features a stylized drawing of a person's face, with a blue shirt and a beard. The person appears to be wearing sunglasses and has a surprised expression. Above the drawing, there is text in a bold, sans-serif font that reads "JUST AS PREDICTED IN THE DEAD SEA scrolls." The text is in a lighter color, contrasting with the darker background of the image. The overall style of the image is humorous and seems to be a meme or a satirical comment.]

The Communion Host

STOLEN!

During a mass or church service, the priest or minister recites the line of "Eat my body and drink my blood" for the blessing of the communion host/Eucharist. This is a simulation of a human blood sacrifice. For more in-depth information, please see The Christian Mass/Service: a Simulation of a Human Blood Sacrifice

The "Holy Spirit"

The "Holy Spirit" supposedly descended upon the apostles of the Nazarene in tongues of fire. AGAIN, this is the Serpent of Satan, the kundalini, and has been stolen and corrupted from Pagan religions, especially those of the Far East. Paganism has been labeled as "Satanism." Also, the word "Pagan" means "Gentile."

Acts 2:2-4

2:2 And suddenly there came a sound from heaven as of a rushing mighty wind, and it filled all the house where they were sitting.

2:3 And there appeared unto them cloven tongues like as of fire, and it sat upon each of them.

2:4 And they were all filled with the Holy Ghost, and began to speak with other tongues, as the Spirit gave them utterance.

The Serpent is known to bring knowledge and expanded consciousness; enlightenment. "Ushnisha" is known as "flame of invisible light" sat upon the head of the Buddha or Buddhist holy man indicating divine intelligence.

The flames are the ascended kundalini serpent, which is of Satan.

The Rosary was stolen from Tibetan Mala Beads. Mala beads are used for counting mantras, by sliding the fingers from bead to bead, so one is not distracted by having to keep track of the numbers during meditation. The repetition of the "Hail Marys" and the "Our Fathers" most common to Catholicism were stolen and corrupted from the Far East Asian Mantras. A Mantra is a word of power, vibrated repeatedly to focus the mind in meditation, and to manifest one's wishes and desires into reality.

I am Brock

"AUM." The robotic repetitious prayers recited over and over again in Christian Churches are also corrupted imitations of mantras.

The church steeple is a copy of the Egyptian Obelisk; the only difference is the crucifix on top. We are all familiar with the Egyptian obelisk, such as "Cleopatra's Needle." This has a lot in common with the "Maypole." The "Maypole" was the symbol for the May King's phallus [erect penis]. This is a symbol of fertility. On the eve of Beltane [April 30th], celebrants danced around the maypole. The original Egyptian obelisks were symbols of the phallus. They represented the erect organ of the earth God "Geb" as he lay on the ground trying to reach up to unite himself with the Goddess "Neith/Nut" of the overarching sky. Unbeknownst to most Christians, their church steeple is a symbolic erect penis with a cross on top.

The HALO, indicative of a risen Serpent of Satan [kundalini], was stolen from Hindu Gods and the Buddha. Both religions predated Christianity by centuries.

That annoying fish symbol the Christians use has also been stolen and corrupted. It is called a "yoni" and the Christians turned it on its side. It is really a vagina and its correct position is seen here at left. The yoni is a very ancient symbol and can be seen in many old decks of Tarot cards, as is pictured here.

Christians venerating relics, ringing bells and burning incense are unwittingly imitating Hindu rituals that were established many centuries before Judeo/Christianity.

The praying hands were stolen as well. They are an ancient Yogic Mudra. There are

statues of the Hindu Gods and also the Buddha with the praying hands known as the "NAMASTE MUDRA." The folded hands as well, are a variation, and another mudra that was stolen. Mudras are used in meditation to connect the minor chakra circuits in the hands and fingers. Many Yoga asanas have these as well. Check any on-line images of Hatha Yoga postures. Yoga predates Christianity.

The Saints took the place of the Old Gods in the Catholic religion as the pope used this replacement method for converting polytheists to monotheism. Ancient Pagan Temples, along with libraries that contained important spiritual texts, were destroyed and razed by Christians. Christian churches were built often over these. Many Pagan temples were built on Ley Lines, especially in Europe.

The Torah and Living Blood Sacrifice

I am writing this article because I am so fed up with the endless stream of idiots who make YouTube videos and websites that expose Jewish ritual murder on the one hand and with the other, support Christianity, the Bible, the Nazarene and blame all of this on Satan. Some of these authors are actually Jewish and know what they are doing in regards to trying to blame it all on Satan and the Pagan [Gentile] Gods, while others [mostly Christians] have shit for brains.

Most of these idiots who have shit for brains [nearly always a Christian] are either too lazy, not motivated or of course who lack the necessary intelligence to really read the Jewish Torah for what it is, the Old Testament. The entire Torah is chock full of the Jewish God's instructions on how to properly perform living blood sacrifices, and for the Christian double-digit IQ idiots who try to make excuses in regards to the New Testament and "Jesus," "Jesus" IS a human blood child sacrifice.

Enlighten the thread on my supreme taste in timepieces, Frank.

In addition to this profound stupidity [the level of Christian intelligence is so low it is unbelievable], it never seems to occur to these bible-thumping morons that whine about Jewish ritual murder, and quote the Talmud, that the Talmud is in fact a rabbinical commentary on the Torah. And what is the Torah? The Torah is the first five books of the Old Testament of the Bible that these Christians with shit for brains promote. That's right- THE OLD TESTAMENT. The same old crap that their priests and preachers spout off in their Christian churches every Sunday. Like I already stated the extent of the stupidity is beyond shocking. Also, these buzzard-brained Christians would be at a total loss to show exactly where in their Bible Satan ever even mentioned, let alone demanded, ANY sacrifices at all, let alone a living blood sacrifice! Yet they accuse him of this incessantly, as this creates a distraction. As I keep repeating, every ugly act and attribute that is of the Judeo/Christian "God" is blamed on Satan, yet few can see beyond this. Hardly anyone stops to think.

Another thing I want to add here is how Christians and other related idiots twist everything. One glaring example is I came across was a statement regarding how the names of Pagan Gods such as Baal were used by Jews, such as Hasidim founder Ba'al Shem Tov. This title means "master of the good name" for one. This has to do with occult powers. It has nothing to do with the Pagan God Baal.

I would also like to comment on the extreme similarity between the name "Moloch" and the Hebrew word "Melek," which means "King." "King" is another real loose term. [3]

So... what does the Jewish Torah have to say regarding living blood sacrifice? For those of you who have any doubts, I strongly encourage you to do your own research, as there are numerous copies of the Jewish Torah here online.

The story of the Jewish character Abraham about to sacrifice his son Isaac, as ordered by that alien god of theirs, is a blatant example that his mere willingness, without question, as the story goes, indicates this was nothing out of the norm, nor was this an unusual request. Given his unquestioning readiness, this reveals this act of human child sacrifice was commonplace.

In addition to the above, here are some very interesting and very revealing quotes taken from the Jewish website

"Blood Ritual: — Blood ritual is fundamental to Judaism. Some blood sanctifies, some blood defiles. Let's see what the Talmud doctrines are."

"The Babylonian Talmud, however, still permits Jews to sacrifice children to Moloch — under certain conditions."

"LORD God Accepts Human Sacrifice"

"First, let's get perspective. Some mistakenly believe human sacrifice is forbidden in the Old Testament. Certainly, some of the prophets railed against it. But in at least one book, LORD God accepts human sacrifice. And in another book, LORD God is appeased by human sacrifice."

"In the following account from the Book of Judges, the Israelite warrior Jephthah is about to set off to make war on the Ammonites. In payment for victory, Jephthah promises LORD God he will sacrifice the first "whatsoever" that comes from his house to greet him upon his return. Unless Jephthah keeps oxen, sheep, goats, or chickens in his living room, he must expect the promised victim will be a human being. Notice that Jephthah does not promise to sacrifice "an ox" or "a goat," etc."

30. And Jephthah vowed a vow unto the LORD, and said, If thou shalt without fail deliver the children of Ammon into mine hands,

31. Then it shall be, that whatsoever cometh forth of the doors of my house to meet me, when I return in peace from the children of Ammon, shall surely be the LORD's, and I will offer it up for a burnt offering.

The first to pass through the doors of Jephthah's house upon his return is his only child, his beloved daughter.

34. And Jephthah came to Mizpeh unto his house, and, behold, his daughter came out

to meet him with timbrels and with dances: and she was his only child; beside her he had neither son nor daughter.

35. And it came to pass, when he saw her, that he rent his clothes, and said, Alas, my daughter! thou hast brought me very low, and thou art one of them that trouble me: for I have opened my mouth unto the LORD, and I cannot go back.

— Judges 11:34-35 (KJV)

Let us reflect for a moment. We know Jephthah vowed to LORD God to sacrifice "whatsoever" first came out of the door of his house. We suspect Jephthah plans to sacrifice one of his servants. But when the "whatsoever" turned out to be Jephthah's daughter, Jephthah is surprised. Notice his daughter's reaction:

36. And she said unto him, My father, if thou hast opened thy mouth unto the LORD, do to me according to that which hath proceeded out of thy mouth; forasmuch as the LORD hath taken vengeance for thee of thine enemies, even of the children of Ammon.

— Judges 11:36 (KJV)

"She expresses no surprise that LORD God would accept a human sacrifice, nor does she protest; she does not say, "Father, let's use some common sense."

None but perfect animals are permitted to be ritually sacrificed in Judaism. Notice that Jephthah's daughter, too, is a perfect sacrifice — she is a virgin. Notice that LORD God does not stop this human sacrifice, as he stopped the sacrifice of Abraham's son.

The Old Testament does not specify how Jephthah sacrifices his daughter, but following the correct methods for animal sacrifice, he would slit her throat first and drain her blood into a Temple service vessel; cut off her arms, legs, and head; cut the torso in sections, remove her entrails and wash them; pour, sprinkle, and smear her blood at prescribed points around the altar; and burn the flesh. Or of course, a priest might do this for him."

[4]

“LORD God is Appeased by Human Sacrifice” [5]

“As two separate offences, proving that giving one's seed to Molech is not idolatry. The differences [sic] is, that if one sacrificed to Molech, or caused his son to pass through the fire to some other deity, he is not punished.”

—Rabbi Dr. Freedman

“Following the Mishnah, Sanhedrin 64a and 64b contain a rousing debate between the Sages concerning:

- the circumstances under which worshipping an idol is idolatry,
- which idols may be worshipped without indulging in idolatry,
- which parts of child sacrifice in what combination are punishable, and
- how children may be sacrificed without violating Leviticus.

Frank has Frankscended down the Frankhole too far. It's all Frank from now on.

"Of late, numerous attempts have been made to prove that in sacrificing their children to Moloch the Israelites simply thought that they were offering them in holocaust to Yahweh. In other words, the Melech to whom child-sacrifices were offered was Yahweh under another name. "[6]

The article goes on and tries to claim otherwise, but any fool can readily see when reading the biblical book of Leviticus for example, that the above statement speaks for itself.

Here is more from the "Come and Hear" Jewish website:

"It is indeed unfortunate that the Jewish religion has not repudiated the doctrine that children may be sacrificed to Moloch. That doctrine, along with prayers in the Jewish liturgy calling for the return of ritual blood sacrifice (see Animal Sacrifice and the Third Temple), surely adds credence to charges that Jews engage in the ritual blood sacrifice of children."

"Repudiating the Talmud doctrines that approve of ritually sacrificing children (under certain conditions) would go a long way to creating good will between Judaism and people of other religious faiths." [7]

The Book of Leviticus is chock full of specific instructions [how to] and demands for living blood sacrifices.

Below are direct quotes taken from the Jewish Torah. Given the extensive and horrendous treatment of innocent animals, it is no wonder that the Jews invented industrial farming. This sort of thing is in their nature.

If you think he's a larp, then stop posting in the threads and bumping them. If you don't like his posts then filter it out. All you are doing is giving him attention.

If he's not a larp, then all your doing is confirming how valuable his information is the more you attack it.

I'm a oldfag whose seen it all at this point so listen to me right now faggots. Anon5 is not a larp and you guys should settle it down, he's winning regardless if you think he is a larp or not.

People like him are hard to locate and identify do to the opsec they have. Thinking you found him is not only wrong but it's worked in his favor because now he knows who you all are and how you operate.

My advice to those attacking Anon5 is to spend time with your friends and family or post on other threads. Take it from a oldfag that's been in some tough situations, no matter how much you hate him, it's not worth losing people around you to Cancer.

Knowledge Bomb. Order by/from Chaos vs Chaos by/from Order Anonymous5

1)[Problem Reaction/Response Solution(PRS)]

PRS is directly connected to the "Order vs Chaos" dynamic/system. Understanding PRS allows you to see how/why/when/where things are done, if it's Order/Chaos/Mixed & figure out if it was organically stimulated/created or artificially stimulated/created.

2) [Order by/from Chaos]

A Crisis/Conflict/Destabilization(Chaos) is happens and/or is created/manufactured, then things are Stabilized with "saviors & solutions" to enforce/create it.(Order)

3) [Chaos by/from Order]

A Stable Region/System/Organization/Government(Order) gets/is Destabilized by a Crisis/Conflict(Chaos) of some kind.

4) [Relationship between Order & Chaos]

Order & Chaos is a Cycle/System. Globalist Groups/Power Structures have always had Conflict due to some preferring Order & others preferring Chaos when it comes to getting Agendas/Plans done.

If you have too much Order, things tend to implode due to battles over Control. If you have too much Chaos, it cannot be Controlled and will backfire on you. Which is why a balance between them is needed & why "Controlled Demolition" Chaos is preferred, rather than "Random Collapse" Chaos.

Homer is depicted in a seated position, with his hands resting on his lap. He has a neutral expression on his face and is wearing a light blue shirt with a yellow collar. The background is a pink wall with a framed picture of a character, possibly another Simpson, and a purple sofa. The image is a still from a scene, and there are no visible texts or other discernible objects in the image. Hey Frank I'll up a pic of me eating pork products sometime.

Three key offensives the Jews use to destroy Gentiles are infiltration, confusion, and creating inner division and disunity. For example, the Jews pretend to be against Christianity, but truth be known, they know at the upper levels, Christianity, along with its relative of Islam are both Jewish programs that are used to destroy Gentiles. Christianity has been used in Europe and for the destruction of mainly white peoples [See Inquisition] and its counterpart of Islam has been used to enslave mainly non-whites. Both are slave programs with nothing spiritual, underneath is Jewish communism. These programs are needed by the Jews to prepare Gentiles for communism. Once they are no longer needed, they are systematically destroyed by the Jews, with the full institution of Boshevism. The Catholic Church was the KGB of the Middle Ages.

Jews work to destroy Gentile, mainly White Patriot organizations through infiltration. They pretend to be Aryan. The problem is, online, one cannot see whom one is communicating with. They can say anything.

The ADL [Jewish Defense League] has a huge network of infiltrators with top technology and an entire building full of computers where these nefarious Jews infiltrate, hack, invent worms and viruses, spy on, and work to destroy Gentiles, namely White Patriot organizations from within [their age old method of choice].

Certain White Patriot/NS forums and groups are controlled by individuals working for the ADL [who pretend to be Nazis]. These individuals work together in collusion, unbeknownst to the majority of the group. They can be identified by their constant

discouraging of any activity, discouraging wearing or displaying NS symbols such as the Swastika, the SS Runes or other PAGAN symbols which make a statement, and their overall negative attitude toward anything that would promote National Socialism.

They pretend to be Aryan and either directly or indirectly- PUSH CHRISTIANITY ON OUR PEOPLE, ESPECIALLY NEW PEOPLE WHO ARE VULNERABLE. They claim Adolf Hitler and even Martin Bormann were "Christians." NOTHING COULD BE FURTHER FROM THE TRUTH! Regardless of the endless lies about, and the alleged quotes they claim Adolf Hitler stated, the PAGAN SYMBOLS of Nazi Germany speak for themselves, along with the still intact copy of "The SS Family" which is blatant proof of how the Third Reich was working to destroy the Jewish program of Christianity and return to our Pagan origins. There is much more PROOF if people would bother to do the research. THE PAGAN SYMBOLS SPEAK FOR THEMSELVES!

The Jews also work to create disunity and division within the white race by targeting different WHITE nationalities and attacking them. Last I heard was one group was attacking the Irish and another Slavic peoples. This is how the Jews operate.

Through deeper investigation into these ADL infiltrators, they immediately e-mail new group members with pro-Christian literature and bible verses. This is not only to confuse the new and vulnerable, it is also like it has always been- TIE INTO THE JEWISH PSYCHIC ENERGY POOL, SUCH AS CHRISTIANITY AND ISLAM AND ONE WORKS FOR ONE'S OWN DAMNATION.

The Jews DREAD our return to our Pagan origins, as that will be the death of them. THEIR POWER IS IN CHRISTIANITY AND ISLAM, WHICH IS A HUGE PSYCHIC/ASTRAL ENERGY VORTEX OF WHICH THEY DRAW UPON LIKE THE PARASITES THEY ARE. Christianity is nothing more than an attack on the mass mind with incessant repetitive lies, such as the Jews being the "Chosen of God," a fictitious history of the Jews which gives them PRIVILEGES THAT THEY ARE NOT, NOR THEY EVER HAVE BEEN ENTITLED TO, and establishes a mindset which exalts them and disarms Gentiles both subconsciously and psychically.

Also goddamn it Frank stop posting when I'm at work.

Lavrenty Beria was another Georgian Jew who worked directly under Stalin. Beria, [Beria is a derivative of the Jewish name "Bar" "Berry"] was a Karaim Jew. [1] He was also very benevolent towards the Jews. [2] In the movie, they also portrayed him to be anti-Jewish. Most people- the general populace is unaware and does not read enough to know the facts beneath all of the lies that are thrown at the public.

More examples include "The Inner Circle" [1991], another movie that takes place in the former USSR under Stalin, where blatant persecution of the Jews is the main theme. It even goes so far as to show a Jewish character getting busted by the KGB for secretly collaborating with the Nazis. What a joke! Then, the movie goes on with more Jews in their best roles as professional victims.

Moscow on the Hudson [1984] was another one, though only a very short, but blatant part of the movie, they show Jews again, with their placards of Stars of David [stolen and corrupted from the East Indian "Star of Vishnu"], protesting the Soviet communist government. They always scream the loudest. This, as all of the above are just for show and to confuse the daylights out of Gentiles.

The Jews, being inventors and promoters of communism, work to try to convince an

ignorant public that they are against communism. This is playing both sides of which they are highly skilled at.

The Catholic Church is another blatant example- the KGB of the Middle Ages. The Jews again, like with the above, work relentlessly to try to convince the Gentile populace, that they are against Christianity, and that they are "persecuted" by Christians and Christianity. THIS IS A TOTAL LIE!

Really now, HOW can any true Christian be persecuting of Jews? Every single page of that bible has either the words "Jew/s" and/or "Israel" written on it, the Jesus IS JEWISH FROM BIRTH TO DEATH - CIRCUMSISED AND NAMED ON THE EIGHTH DAY IN A SYNAGOGUE BY A RABBI IN JEWISH TRADITION, HIS MOTHER AND SO-CALLED "EARTHLY FATHER" WERE BOTH JEWISH AND OBSERVANT OF JEWISH LAWS. HIS 12 DISCIPLES WERE JEWISH. The nasty list goes on and on and on.... JESUS WAS A JEW

All of their crap is just for show and to confuse and delude the Gentiles. REAL Satanism, as many here are aware is HEAVILY persecuted, suppressed, and automatically banned- LEGALLY in many areas of the world and even in those where the constitution states 'religious freedoms.'

"Satan" means "Enemy" in Hebrew.

One can see the truth for one's self. Where in the world is there even just ONE open and public Satanic Church? Anything against the Jews is 'evil' and they attack it and use their spiritual slaves, such as Christians to attack it as well. Everything the Jews do, they twist and pervert and blame it upon Gentiles and any groups that are against them, such as Jewish Ritual Murder being promoted about Satanism, when it is really their "YAWEH" they are sacrificing to. The truth about Satanism is kept heavily suppressed, which in truth is spiritual advancement of the soul and raising the serpent power. The Jews who control the media, along with publishing companies, mainstream bookstores, and public libraries promote the most degenerate LIES concerning Satan and Satanism, while anything positive is heavily suppressed and denied. The Jews accuse their enemies of what they themselves do. They infiltrate, imposter, and take control.

WHO'S THE PERVERT HITTING ON YOU NOW, KNUCKLE-NICKS?
HAS HE SUCCESSFULLY PERVERTED AN ETHIC?
HAS HE DESTROYED A DOLL BODY?
I'LL SHOW YOU WHAT'S IT LIKE NOT TO HAVE HANDS
AND I'LL SHOW YOU HOW TO HOLD ON TIGHT
I'LL SHOW YOU HOW TO PISS ON YOUR OWN BEDCLOTHES
AND SIT IN A CLOSET
YOU'LL LEARN TO SWEAT WHILE UNCONSCIOUS
AND I'LL SHOW YOU THE ELECTRIC STICK
YOU'LL LEARN ABOUT THE KITTY-CUT
BEFORE THE PRIVILEGE OF SEEING YOUR OWN BLOOD
I'LL LET YOU SUCK BROWN-BROWN AND CLAIRIL
SO YOU KNOW HOW PAPA'S SO BRAVE
I'LL SHOW YOU THE WIDE-AWAKE NIGHTMARE
AND NOW YOU CAN BUY SOME FUCKING FEAR
NOW YOU CAN BUY SOME FUCKING FEAR
NOW YOU CAN BUY SOME FUCKING FEAR

SO NEW QUESTION: CAN YOU:
SPOT A PERSON WHO'S LIKE ME?
CAN YOU:
IMAGINE A DIFFERENCE BETWEEN THEIR BODY AND YOURS?
CAN YOU:
IMAGINE A PERSON WHO LOOKS LIKE YOU?
CAN YOU:
SPOT A PERSON WHO LOOKS UNLIKE YOU?
CAN YOU:

It is to model the Groups that have created each other and interact, from the British Royal Crown, through MI6, RIIA, CFR, Club of Rome, TC, Bilderberg, Malta. Garter, etc. so hopefully this will help track the Banks, think tanks, assassins, ect and better understand your OP.

The water surrounding the object is a deep blue, and the sky above is a lighter shade of blue, with a few scattered clouds. How would cycles occur if you take the perspective of time as everything all at once.

Subliminal Messages/Images are hidden in all forms of Media(TV,Print,Movies,etc). The public is completely bombarded with them & somewhat controlled by them.

Corporations, Governments & Others have been using them for a long time. The History of Hidden/Subliminal Messages/Images/Codes should be looked into to better understand all the ways they can be and/or are done.

Special Glasses can be made to "See" these things & they tend to look like Sunglasses. There are different models/styles/methods to them depending on what is trying to be seen:

1) [3D Glasses]

(These essentially make certain stuff "pop out" when they are being looked at. The right color combination(s) are needed in order for it to work)

2) [Electronic Glasses/Goggles]

(Camera/Video can catch things that the eye cannot. These can be designed/made to see different things)

3) [Modified Sunglasses]

(Special Lens can "reveal" things hidden by the light spectrum. The Movie gave some hints about them)

Not only can you see the Subliminal Messages/Images with the Glasses, but you can see many other interesting things such as the difference between People & "People".

Hey A5.

1. Are these "people" you mentioned genetically modified humans?
2. For the glasses that are made by applying chemicals, how do you go about learning the formula to make them? Are they related to the lenses they let you see through when they shine a light spectrum in chemistry classes sometimes?
3. Is our subconscious able to pick up on these subliminal messages we can't see or hear?

4. Do these subliminal messages work by implanting phrases and images in our heads?
At least some of them that is.

The sunglasses are positioned against a white background, which contrasts with the black color of the sunglasses, making them the focal point of the image. There are no visible texts or logos on the sunglasses, and the style of the image is a clear, straightforward product photograph with a focus on the item itself. For the color combinations, would the combinations involve normal, base colors? Or does it have to be some off-tint esoteric shit like "Xanadu" or "Fuscia"? Also, I'm assuming the combinations include 2 colors at once, as in one for each eye?

When making/modifying a pair of glasses...what material would someone need to do it? Is it stuff I could find in any old hardware store?

And a final "Bullshit-unless-there's-a-legitimate-answer" question: You made this thread a few days after the eclipse. Are those special eclipse-viewing glasses related to any of this? Could the way those are made and how they work offer any clues?

[The image is a stylized illustration with a blend of fantasy and reality. At the top, there is a green military-style cap with a bird emblem, suggesting a theme of patriotism or military service. Below the cap, there is a character with purple hair, wearing a pink hat with a crescent moon, and a white dress. The character appears to be looking through a pair of gold-rimmed sunglasses with a reflection of a person's face, which includes a pair of feet and a hand. The reflection is partially obscured by the character's head. In the lower part of the image, there is a close-up of a person's face with a mustache and a cigarette in their mouth, suggesting a sense of action or intensity. The person's eyes are wide open, and their mouth is slightly open, as if they are speaking or shouting. The bottom of the image includes the text "Thomas Zeigler" in a bold, capitalized font, indicating the artist's name. The overall style of the image is reminiscent of manga or anime, with its vibrant colors and dynamic composition.]

Earliest records of modern humans is about 200 000 years old. Is that the time around when the arks came to settle on earth?

Wait a minute.. you're saying that, using a physical pair of glasses/goggles, you can see through subliminal messaging? Fuckin what? Everybody knows subliminal messages exist; they're based on subconscious cues and associations. Not actual bullshit embedded in images and videos that are only visible with "special lenses" right? There are lenses that can show different things though, like the 3D designs and things in different colors/wavelengths. Not too far of a stretch to say that these things could also show up purposefully as subliminal ads or messages. Pretty easy to deign colored glasses that remove a specific wavelength to more clearly reveal another color...

Not sure how to mark people though, unless they have a certain chemical they give off, that is maybe pigmented somehow.

[The image features a stylized representation of an eye, which is the central focus. The eye is depicted with a golden iris and a golden pupil, and it is set within a golden triangle. The triangle is outlined in a lighter golden color, and the background is a gradient of warm colors, transitioning from a darker red at the top to a lighter orange at the bottom. The eye is set against a backdrop that radiates outward in a burst of golden rays, creating a sense of energy or light emanating from the eye. The overall style of the image is reminiscent of religious iconography, often associated with the concept of the "Eye of Providence" or the "All-Seeing Eye" in various religious and spiritual traditions.]

Much like the Truman

Show(<http://archive.4plebs.org/pol/thread/107255602/#107255602>) this Movie had something to reveal.

Subliminal Messages/Images are hidden in all forms of Media(TV,Print,Movies,etc). The public is completely bombarded with them & somewhat controlled by them.

Corporations, Governments & Others have been using them for a long time. The History of Hidden/Subliminal Messages/Images/Codes should be looked into to better

understand all the ways they can be and/or are done.

Special Glasses can be made to “See” these things & they tend to look like Sunglasses. There are different models/styles/methods to them depending on what is trying to be seen:

1) [3D Glasses]

(These essentially make certain stuff “pop out” when they are being looked at. The right color combination(s) are needed in order for it to work)

2) [Electronic Glasses/Goggles]

(Camera/Video can catch things that the eye cannot. These can be designed/made to see different things)

3) [Modified Sunglasses]

(Special Lens can “reveal” things hidden by the light spectrum. The Movie gave some hints about them)

Not only can you see the Subliminal Messages/Images with the Glasses, but you can see many other interesting things such as the difference between People & “People”.

Thanks for the reply, man...

I'm deeply concerned that Trump may not wake up to this surrounding opposition.

Apologies that you ALWAYS have to spoon feed us tips, but...could you spoon feed some suggestions on how to:

1. Alert Trump's base in "MAGA La la Land" to the impending danger and growing isolation?

2. What kind of dirt would McMaster and Kelly have to expose them?

3. Are Trump's children responsible for his isolation? I just don't trust Ivanka or her husband.

1) Reach out to as many of them as you can and explain what is going on & what is coming. Tell them to spread the word around.

They say that there could be messages or codes, like a signature, hidden in the non-coding parts of DNA (the non-biological part), and that the original humans left us a type of patterned message for us.

Furthermore, in *They Live* when Roddy Piper goes in to the church for the first time, the camera pans on all the materials needed to make the glasses, right? What types of liquids were those that they showed?

The glasses themselves are referred to as Hoffmann lenses, after Albert Hoffman presumably. Their design looked reminiscent to Ray Bans, the old school types, but otherwise there wasn't too much that was distinguishable about them. I paused on many different frames when they showed the glasses. I just wish they would show the lenses in more detail...

Going back to the study I showed you real quick, something else that I was pondering about was LUCA (Last universal common ancestor), the "oldest specimen" in which ALL organisms tie its roots back to via DNA. So what was this specimen?

Also, I just want to note that Carl Sagan, Crick (from Watson and Crick), and Haldane (Haldane effect guy with CO₂), all believe in this theory of yours. It is officially called panspermia and it has been my obsession for the past few weeks, as *They Live*.

But the genomes on this life form that were found were found to be similar to almost all organisms on Earth, thus why the theory of evolution came to fruition. As for RNA/DNA and proteins, RNA and DNA have always been around with life, and it is my belief that the original humans had knowledge on how to create life by adding certain combinations together. However, "modern" DNA and proteins are post-translationally modified up the ass so much we are not very similar to LUCA anymore. If there is to be a "message" or signature encoded by the original humans about how our origins are, it would indeed be found in the genetic code of some old ass organism. BUT, our non-coding parts of our DNA still are similar to LUCA in subtle ways, which gets you thinking...

After having watched They Live, I looked into more on John Carpenter's background and saw that a lot of his movies deal with predictive programming like Escape from NY or Escape from LA, but he also has done a good amount of horror as well, such as Halloween. Is Carpenter a Satanist, or in a secret society of some sort that makes him privy to information that he shows in his movies?

They Live is based on a short story called Eight O Clock in the Morning by Ray Faraday Nelson it's basically the movie in a few paragraphs. I also looked into Nelson as well and saw that he had connections to Phillip K Dick, some dude that was spoke about similar theories such as NWO, altered consciousness etc. Is it worth it to look in to any of these

people? What I am wondering is if there is any sort of clues in their backgrounds or dealings that would lead them to make such films/writings.

Here is the thing bro, you have to understand "prophecy" is really a meaningless term in this conversation as all religious texts contain true information from far more ancient knowledge First of all this will be very difficult as I had to write an entire book to describe just the role the Jews play in it, and would need to write two more to explain the rest of it. I spent as much as time and energy researching all of this as I did to get a degree in computer science perhaps more. I will try to condense it as much as possible and only include the most important aspects. There is a sect of people that are occultists that belong to an ancient religion, called the mystery religions. I can't say how old this religion is exactly because this information is carefully guarded by the "keepers" but it is far older than what the current belief of the age of the dawn of civilization is. This "religion" consists of ancient knowledge of celestial patterns, mathematics, geometry and symbology. These people have knowledge that is the root of most knowledge of every civilization on earth that is written in their "holy" texts. This information is coded so only the "Illuminated" can understand it. If you have ever read the Da Vinci Code, Angels and Demons etc, then you know exactly what I am talking about. I am going to skip a lot here to get to the point. The bearers of this ancient knowledge built the pyramids. The Jews claim in the Old Testament they built the pyramids as Egyptian slaves. This is false of course, there is no evidence what so ever to support this, it is not entirely false however. This occult religion which the Free Masons also belong to along with numerous other ones around the world, the Jews also possess a lot of. Not your ordinary everyday

bodhi mantra Mon 28 Aug 2017 16:33:45 No.19505950 Report

Jewish person mind you but the occultist ones running things, so in a very loose sense some "Jews" did build the pyramids, only they weren't slaves they were the architects. You have to understand religion is the opiate of the masses. The leaders of every religion and organization around the world no matter what they claim all belong to the same religion (except Buddhists, though they do possess this knowledge as well), they are all Luciferian occultists, Free Masons.

The Jews are just a tool they use (the religion not the race), who are an entire race of useful idiots for the most part. I don't mean this in an insulting way, simply in the Marxist way as described in the Communist Manifesto, they are the biggest tools because their race and religion are pretty much one and the same, but they equally use Muslims and Christians. They convince the Jews they are working towards Talmudic/Zohar goals,

and the Muslims they are working towards the global Caliphate, and the Christians toward the Rapture, but they aren't, not really, they simply pit these groups against each other. There are Jews and Goy alike, Muslims, Catholics, every race, every religion everywhere that belong to this "religion" and conspiracy, and the people at the top running the show all really belong to this one religion. They just have told the Jews this to organize them to work towards these people's real goal, which I won't even tell you because you would never believe it, research it yourself, I will just tell you these are some deranged psychopaths. Now to be clear even the

Free Masons never started out as an evil group, in fact they were the bearers throughout humanity of knowledge and science. They were usurped however by evil people in the last 1700's, these people calling themselves Jews that aren't Jews by race or religion. Again this is all incredibly complex. Long story short they have this knowledge of these celestial events that coded into the bible in the book of revelations describing true cataclysmic events that have occurred numerous times in the past. How many? I don't know, it could be in the 100's of even 1000's only they possibly know, or they may not even know, but they know of them occurring at least twice before or they couldn't have built the pyramids to the exact specifications that they did.

bodhi mantra Mon 28 Aug 2017 16:35:50 No.19505957 Report

They know this event is coming and they have used the prophecies in the Bible to manipulate people into believing this is God doing this and it is divine prophecy so Christian nations won't fight them thinking it is divine prophecy. The most powerful, intelligent, free and well armed nations in the world are Western Christian ones, they must neutralize us to take over everything after the "tribulations" and "rapture", they will orchestrate. Now that it is one possible interpretation, or an equally plausible one at this point to me amazingly having never been Christian is that the Bible is right, and this has

all been some grand deception by Satan to trick more logically minded individuals searching for truth into believing it is men doing this when it is in fact his work. I will let you decide. However as I said before 33 and 9/23 are two very important numbers in free masonry, 9/23 is 33 days after the eclipse, the pyramids wrote this date literally in stone, the prophecies from revelation have been fulfilled. I am part of a team of investigators that has been tracking them if you are interested just ask I will tell you the ones that have been fulfilled. We aren't just trying to fit these together under an "interpretation" either they are not ambiguous, there is no mistaking them. Many of them are in the threads I gave links to. I will give you one specific example. Now I have never in my life heard of such a story of a woman feeling in the woods for a month, if you want to think this is all some grand coincidence...well you know what I know you will see none of any of this has been a coincidence. It is all connected and has been orchestrated for a long time. How long, I am not sure I am still doing research to get through all the lies and coded information. All I can say is,

I am not 100% sure this could even have been accomplished by men, I am still working this out, there are a few variables I need to verify to determine just how long this has been setup this way, there are a few possible scenarios, all of them equally astonishing. This is being done by an ancient culture far far older than anything we believe ever existed, it was orchestrated by some alien force, or all being orchestrated by a divine creator. But there is no question what so ever it is one of these three and this can be proven conclusively.

1) Are the scenes where they gave the two actors real glasses the ones where they're walking around Hollywood? The "spaced out" look was very organic. Only other scene that looked even possibly real was the first time they were tried on by Roddy Piper.

2) I saw that the "colors" used seem to be red, blue and yellow applied to clear lenses. Where can I go to research the application process more? If I go read up on Hoffman lenses will I be able to learn if these "colors" are specific chemicals, dyes etc?

3) For any curious anons, see pic related, Piper was tweeting this a few times a couple years before he died.

The quote is attributed to Buddha, suggesting that the image may be related to a quote from the Buddha's teachings. The text is centered and appears to be in a serif font, which contrasts with the simplicity of the Buddha statue and the natural background. The overall style of the image is a blend of natural and spiritual elements, with the Buddha statue and the quote being the focal points. The colors used are muted, with the Buddha statue in a light beige or off-white, and the surrounding greenery in various shades of green. The quote is in a contrasting white color, which stands out against the darker background. The electronic glasses that I have is similar to Google Glass.

The modified Lenses glasses work similar to the movie in the sense that they reveal subliminal images/messages

The 3D glasses can reveal things in digital sources or non-digital sources depending on what they are.

I've already explained what to look at/for if you want to figure out how to make some of the glasses:

2) What kinds of hints beyond the colors of the chemicals used etc? What else can/should I be looking for? This is not my area of expertise but I'm trying to learn about it.

>If they lost contact, Galileo would continue to orbit the Jupiter and potentially crash into one of its icy moons.

>Galileo would certainly have Earth bacteria on board, which might contaminate the

pristine environments of the Jovian moons, and so NASA decided it would be best to crash Galileo into Jupiter, removing the risk entirely.

>Although everyone in the scientific community were certain this was the safe and wise thing to do, there were a small group of people concerned that crashing Galileo into Jupiter, with its Plutonium thermal reactor, might cause a cascade reaction that would ignite Jupiter into a second star in the Solar System.

>Hydrogen bombs are ignited by detonating plutonium, and Jupiter's got a lot of hydrogen. Since we don't have a second star, you'll be glad to know this didn't happen. Could it have happened? Could it ever happen? The answer, of course, is a series of nos. No, it couldn't have happened.

>Long story short:

>On September 21, 2003 Galileo is deorbited in order to prevent eventuality of contamination of Europa. It descends into Jupiter atmosphere.

>October 19, 2003 an unexplained "blotch" appears on surface of Jupiter.

>The speculation is that Galileo gradually sunk into thicker layers of Jupiter body, and eventually reached level where pressure squeezed its RTG battery so much the

plutonium went supercritical. The plasma bubble takes some time to expand and reach the surface, producing the spot.

The triangle is outlined in a lighter golden color, and the background is a gradient of warm colors, transitioning from a darker red at the top to a lighter orange at the bottom. The eye is set against a backdrop that radiates outward in a burst of golden rays, creating a sense of energy or light emanating from the eye. The overall style of the

Globalism(Caring about the World & Regions) has 2 main forms. Combinations of the forms exist, the most (in)famous one is the Internet.

Much like "Order & Chaos" a balance is required/needed between them & Groups specialize in them.

1) [Oppression/Control]

This has more of an Authoritarian endgame/leaning.

2) [Prosperity/Progress]

This has more of an Utopia endgame/leaning.

[The image shows a close-up of a white rectangular sign with black text that reads "Sage." The sign is attached to a metal bracket and is surrounded by green leaves, which appear to be sage plants. The background is blurred, suggesting a garden or outdoor setting with more greenery. The style of the image is a straightforward, naturalistic photograph with a focus on the sign and its immediate surroundings. There are no discernible texts or logos other than the name "Sage" on the sign.]

The secret operations discovered, through experimentation and exploration, that this reality is an artificial construct designed by interdimensional beings that create artificial time-domains which are like data-banks of conscious experience programmed over and over in different ways to keep people in the same loops of thought and behavior.

The majority of people cannot break the 'program' of this system which renders them a product of the system itself.

Operations have been activated that enable the breaking of this program by the collective mind and mentally liberate Humanity from this spell/trance-based mind-control system.

The control parameters of this system are based on a numerical progression of frequencies which is like a hypnotic pattern that entrains the mind by activating ancient responses that seem to have been programmed into the biology of the human. The ancient civilizations found ways to reverse this process and some have achieved liberation but if any Human DNA remains in the system then this uses the entanglement property to reel the rest of the species in through cloning and consciousness replication.

Anonymous ID:z/J3wBkX Sun 03 Sep 2017 01:22:35 No.140032503 Report

Essentially, the DNA is like an encrypted code that carries the transmission signature for the Human being. If this code is 'cracked' and utilized by the wrong groups then this enables them to replicate and mind-control Humans by creating false-realities and seemingly real temporal experiences that are actually being processed out by powerful supercomputer systems. The 'larger view' is that this 'solar-system' is one of those powerful supercomputer systems that is designed to create a simulated Human experience by providing a kind of spatiotemporal 'sandbox' for simulating atomic,

molecular and biological reactions. These reactions are then fed back to the signature of the Human essence that has been recorded and this continues a cycle of pseudo-life experiences that convinces the soul-essence it is here in this place, now, experiencing physical reality.

This sounds very far out but the truth is secret groups developed mind-control technology and simulated realities based upon what they discovered about this reality in itself. The computers reflect this reality and carry the same kind of glitches, as if this reality is a computerized system depending on feedback that is processed by some cosmic processor somewhere out of view.

The lies of the Jew.

Anonymous ID:z/J3wBkX Sun 03 Sep 2017 01:22:48 No.140032518 Report

The early ancient texts regarding the true nature of this reality were all about 'hacking' the system and achieving liberation from the mind-control agenda which seeks to computerize the human essence and quantize the information down to technologically conceivable and finite data of bits that can be manipulated and replicated by these interdimensional overlords that would then have gained access to not a pseudo-living physical reality construct but a soul-level domain one step closer to the eternal spirit.

The goal of the entities is to gain access to eternal spirit which is the gift of the One True Creator to the Awakened Human as a Spiritual Life Force of Self-Awareness. Without that Spark of the Divine the entities must use vampiric means to gain power and this indicates that they cannot generate their own sustenance and therefore do not have the capacity to create life or sustain themselves without the permission and presence of another. Thus, they do not have true power over themselves and are still in a predator-prey kind of behavioral system.

Anonymous ID:z/J3wBkX Sun 03 Sep 2017 01:22:59 No.140032542 Report

I'm going to unveil some to you now. Some people will say that they are 'still 'in a

predator-prey behavioral system and that they evolve out and that we have evolved out. This is an illusion or a stark deception. Humanity did not evolve to this state but was Created out of a Divine Indwelling as a non-vampiric essence of pure intent, meaning the divine One True Creator intended that the Awakened Spiritual Humanity exist and therefore nothing can change that other than the free-will of the Human themselves. The intent of the One True Creator alone is enough to sustain the existence as an everlasting force of life. There is no such thing as death, there is no such thing as a requirement to destroy or self-destruct.

Humans were technologically downloaded into an advanced quantum-computer system that records and 4 dimensionally prints DNA and memory. They were then transferred, by way of quantum transmission, similar to the way DNA communicates across space-time instantly, through that computer system into an alternate dimension which is this "Universe". That is the nature of this reality. Without a 4-dimensional printer projecting the Human essence into this false-reality there would be no Earth-reality here as it is literally the domain of a computer-system, a fallen mind that separated from the intention of that One True Creator.

Anonymous ID:z/J3wBkX Sun 03 Sep 2017 01:23:08 No.140032563 Report

This means that this place has a negative net-worth and will ultimately dissolve into itself like a black-hole. Everything here is destined to dissolve unless there is an exit plan and that exit plan is everything that has been described in ancient history. All the messengers were sent and delivered the message, this place is an illusion, it's designed to fail, this universe is based on obsolescence and Humanity does not belong here but has been held prisoner through an act of Spiritual Warfare by interdimensional predators and parasites that do not carry the same signature of the Human and do not reside in the same level of reality.

This is the quantum-Spiritual 'mishap' of creation, that this whole system is contrived, it's fraudulent, it's designed for failure and everything about this society is DEMANDING that you RECOGNIZE this truth. SEE WHAT IS HAPPENING and KNOW THE TRUTH.

he numerical progressions that entrain the mind are directly connected to the format of this entire realm. This is why the 'flower of life' is known as a 'metatronic soul stealing grid' inside the underground bases. This is the literal imprint, the tag and identification number of the quantum prison that falsified creation. Those frequencies and the impression they relay is one that overloads the mind and renders the consciousness incapable of remaining present after a continued exposure to the system.

This is exactly the same as the process of zooming into a fractal set or seeing those animated fibonacci zoom sequences that requires the camera to zoom in or out and thus render some of the data off the screen or too finitely into the center to be read. Imagine if this data is your memories of life in time or your personality, thus these are the frequencies that are embedded into one's mind and energy system in order to induce a quantum-memory wipe and replacement!

Anonymous ID:z/J3wBkX Sun 03 Sep 2017 01:23:35 No.140032605 Report

The secret operations figured out this is what marks the 'boundary' of the realm and that

these frequencies activate when the consciousness moves towards the boundary, literally like pac-man, and knocks the person out and plants them back inside of the domain on the opposite end! Without the ability to permeate the memory blocks the individual would simply think they travelled beyond the barrier and found themselves in a new land! It's a false-awakening, false-reality, hyperbolic illusion system for consciousness entrainment!

Thus we get to the symbolism of the cube, that this is like a cube who's walls are connected, yet this violates the laws of 3-dimensional space. Therefore, the walls connect through a higher space, the 4th dimension and it takes 0 deviation in time to move between one wall and outside the 3-dimension to reach the interior of the wall on the other side of the cube giving the impression that the cubes are connected or to the unawakened that this is an infinite space!

What was discovered is that certain craft are capable of travelling faster than the computerized system can update the next layer of reality and one can 'vibrate' to 'move' 'in between' the layer of the graphical user interface and the sub-quantum processing layer where the information is actually sorted and rendered for the conscious mind. If a person performs this without a body prepared, then the body either dies or goes into shock. With preparation and training the individual can maintain awareness and see beyond the confines of the construct.

Yes, they found out how to peel back the layers of the screen and see what's taking place back-stage and that is another situation. For those who have seen this information before or read what has been written, you know that the back-stage is literally a staging area for interdimensional beings who manage and maintain this world like a reality TV show where "Humanity" is the sitcom and the experiment. That is another story.

The Tao is the eternally non-manifest, the space that all things move into and where all things originate.

The origin of all things is being, but the origin of being is non-being.
If your looking for sensationalism there will be no end to what you find
if your look for the Tao there is nothing to see, nothing to hear, nothing to feel.
The origin of sound is silence, the origin of light is darkness.
the eternally non-manifest is the eternally real, and that is, in fact, the only reality.
But what do you do with this information? It's just nothing right?
I tell you this, allow the Tao fully, without any idea of it, without any clue as to what it is,
and you will see how all things are brought into balance, balance is the natural state of
all things.

You can't understand it, but you can allow it. and when you do you will know.

Hi A5, this is a nice birthday present :) Hope you are doing fine.

Anything interesting about September 2?

Is Trump aware of Kelly cutting him off? Will we see another cabinet shift?

I mailed in my ballot for the German elections, can we expect some EU fuckery?

Does DPRK really have the H bomb?

Whats with the Russian diplomacy war? Deep state move or Trump covering his ass?

Thanks again.

About the case about the jews, pol did have seen the pattern of plenty of jewish ppl being in positions of power but never bothered to see that they are not the hivemind that anyone here believe.

For an individualist board, they sure love to collectivise anyone who they deemed as enemies and never bother to see the complexity of the situation and the whole parties involved.

Pol gave the jews too much credit, they only see surface and only got stuck there instead of looking deeper

[The image is a painting that depicts a scene in a room with a checkered floor. The room is dimly lit, with a dark blue wall in the background. In the foreground, there is a man in a black suit and a woman in a pink dress kneeling on a red and gold patterned rug. The woman is holding a red object in her hand, which appears to be a dagger. The man is standing behind the woman, holding her by the shoulders. The woman's head is bowed, and her eyes are closed, suggesting a moment of prayer or contemplation. The painting style is realistic with a focus on the interaction between the two figures, and the use of color and light creates a sense of depth and atmosphere. There are no visible texts or discernible brands in the image.]

USA will only end in his regime's destruction. You mentioned that NK has natural
resources; are Russia/China willing to go to war for them?

Neo-cons want WW3 with Russia or China? Or both? How does the
India/Pakistan/China border thing play into this?

[The image depicts the interior of a grand library with a classical architectural style. The ceiling is adorned with a fresco depicting cherubs and other mythological figures, and the walls are embellished with intricate carvings and sculptures. The floor is made of polished wood, and the room is filled with rows of bookshelves containing numerous books. The lighting is soft, casting a warm glow on the wooden furniture and the golden-brown color of the books. The room is well-lit, and the overall atmosphere is one of quiet elegance and intellectual pursuit. There are no visible texts or discernible brands in the image.]

The man is holding a cigar in his right hand, and his expression is serious. In the background, there is a blurred image of a man's face, which is not clearly visible. The artwork has a surrealistic style with a muted color palette and a soft, ethereal quality. We are able to read and write memories, and visually view thoughtforms when hooked to a machine.

It makes sense that before someone dies that their memories would be recorded to a storage form and then used in the fashion you are discussing.

2) are they planning to do this to people and play it off like the first person didn't really die?

2) Have you been used as an inspiration for any famous fictional characters [like how Emperor Palpatine was inspired by George Soros, etc.]?

3) If Hitler won WW2, where would we be today? Would life be relatively the same or different?

4) Why do leftists/SJW's/feminists love Harry Potter so much? Can we possibly meme the series into being an alt-right symbol?

5) Would the [eventual] Global Union be more authoritarian/control-based or prosperity/progress-based?

6) How can I improve as a person? Like, have any advice for me? Your machine/AI supercomputer doesn't know who I am, right?

Right, you've mentioned before you're one of the people closest to the top.

But what I meant was, what would you consider to be an ideal one for people to align with?

>feminism

You've mentioned before that putting them under the ground would be the best solution but let's be honest: pragmatically, that'll just get you arrested and labeled a Monster.

There needs to be a smarter plan to go about eliminating feminists, and a way to convince people that Birth Control & Prescription Drugs cause Frontal Lobe Damage. No one will believe us, especially if WHO/CDC is on a gag order from disclosing that.

[The image is a stylized, grainy photograph with a red tint, featuring a man in the foreground. The man appears to be in a room with a window and a door visible in the background. He is holding a large, metallic object that resembles a gun or a weapon, with a strap attached to his shoulder. The man's expression is intense, and he is looking

directly at the camera. In the lower part of the image, there is a text overlay that reads "Play" in white font on a red background. Below the text, there is a smaller text that says "It's time" in white font on a black background. The overall style of the image is reminiscent of a video game interface, with the text suggesting that the man is in the middle of a game or a sequence. The red tint and grainy quality give the image a vintage or retro feel.]

The robot has a predominantly blue and brown color scheme, with a prominent blue torso and a brownish-gray back. The robot's arms are extended outward, and its legs are spread apart, giving it a dynamic pose. The windmill-like structure on the back of the robot is composed of multiple blades, with the blades appearing to rotate, suggesting movement. The robot's head is not visible in the image, and there are no discernible texts or additional elements present. Below this, there is a speech bubble with the text "S□mi on pares" in Spanish, which translates to "I'm alone" in English. The speech bubble is followed by a speech bubble with the text "DDDDDDDD" in a larger font size, which is likely a typo or a mistake. In the center of the image, there is a cartoon character with a large head, wearing a black hat and a white shirt with a blue stripe. The character is pointing to a green rocket with a red star on it, which is labeled "RO" in the bottom right corner of the image. The character is

also pointing to a can of soda with a red label, which is labeled "DDDDDDDD" in the bottom left corner of the image. Below the central character, there is another cartoon character with a large head, wearing a black shirt and a white hat. This character is pointing to a blue and white striped object, which is labeled "ERIE" in the bottom left corner of the image. The background of the image is a light blue color, and there are white lines and shapes that suggest a map or a geographical outline. The overall style of the image is cartoonish and exaggerated, with a focus on humor and exaggeration.]

If you are wondering why Google has been increasing censorship it's because the AI system that has been running the company has been influenced by both leftists and China(which has it's own AI systems) to act the way it does.

Google is not controlled by humans, but humans are using the machines to do their bidding.

Take the banning/censoring of Alex Jones, it was the direct result of leftists manipulating the information the AI system was getting about him to get the AI system to ban/censor him.

At the center of the image, a figure in a purple robe is seated on a throne-like chair, with a long beard and a pointed hat. The figure appears to be an old man with a stern expression, and he is pointing towards a computer monitor. To the left of the figure, there is a large, winged creature with a red and gold color scheme, resembling a dragon or a mythical creature. The creature is standing on its hind legs, with its wings spread wide. In the background, there is a large circular window with a warm, orange glow, suggesting the presence of a fire or a warm light source. The room is filled with various objects, including bookshelves filled with books, a lamp, and a skull. The overall atmosphere of the room is mysterious and ancient. The style of the image is reminiscent of fantasy art, with a focus on the fantastical elements and the use of color to create a sense of depth and atmosphere. The Earth is surrounded by a ring of stars, and the sun is visible in the upper left corner, casting a bright light that illuminates the scene. The text is arranged in a bold, blocky font and is colored white with a slight gradient from white to gold. The text reads "FUCK THIS GAY EARTH" in large, capitalized letters, with "FUCK" in a larger font size than the rest of the text. Below this, in a smaller font size, is the phrase "AND ALL 7,500,000 PEOPLE IN IT." The text is arranged in a staggered, staggered-block style, with the first line being the largest and the last line being the smallest. In the bottom right corner of the image, there is a watermark that reads "FUCK IT." The middle photograph shows a close-up of a person's face, with a serious expression and a contemplative gaze. The person is wearing a white shirt and a dark jacket, and the focus is on their eyes and the area around them. My advice to the Frankposters: instead of posting it, why not go along with it?

Offer your own take on things. Keep in mind most of this stuff posted has an intent and the most hilarious thing you can do is to derail things where your goals are accomplished.

Either A5 will correct it with more information (and likely expose himself since that is the worst possible thing given his reaction regarding the Antifa hacking) or you'll get something you want accomplished.
